MJES in association with SACAA launches 'ST ALOYSIUS COVID CARE CENTRE'

The Mangalore Jesuits Educational Society (MJES) in association with St Aloysius College Alumni Association (SACAA) launched 'ST ALOYSIUS COVID CARE CENTRE' on Wednesday, 12 May 2021 and distributed Food Kits, Psychological Accompanying, Medicine, Health Facilities and Essential Items to families of poor, migrant workers, low wage labourers, and other poor families here to cope with the ongoing lockdown/pandemic.

WHEN DOORS CLOSE AND HEARTS OPEN- The Covid-19 crisis has brought to the fore not only our limitedness as human beings in the face of a pandemic but also the sad

plight of migrants, daily wage earners, the elderly and the mentally sick during lockdown. The vision of education at St Aloysius Institutions is to create men and women for and with others.

Mangalore Jesuit Educational Society has taken this initiative to reach out to the poor families of migrants and daily wage earners by providing them with Provision Kits and Covid-19 essentials weekly. The efforts put in by MJES and Alumnus of St Aloysius Institution during this pandemic in helping out the society through their little contribution is praiseworthy.

St Aloysius Institutions, Mangaluru had plunged into action as soon as the nationwide lockdown was clamped in the month of March 2020 and, rendered significant service to the people and families infected and grievously affected by the pandemic with the strong support and goodwill of the alumni, generous contributors and volunteers. MJES, in its initiative, could reach out to hundreds of victims of the pandemic like the migrant labourers and distressed individuals through providing food kits, psychological accompanying, medicine and health facilities regularly. Radio Sarang, the Community Radio of the College continually broadcast awareness programmes to the people of the region regarding the virus, its spread and precautions to be taken to save

oneself from infection.

The Entrepreneurship and Consultancy Cell of St Aloysius College (Autonomous) had taken initiative by launching "St Aloysius Jaala Santhe" on 15th July 2020, brought together hundreds of rural entrepreneurs and farmers in a WhatsApp group and facilitated buying and selling of these farmer products.

In the wake of the second wave of the pandemic hitting hard and the exponential spike in the spread of the virus, MIES has put in place a centralized Covid Care Centre in the campus to facilitate quick and speedy redressal of the issues and concerns of the people affected and infected by the virus leading to serious psychological and physical health hazards. The Centre will operate from the Gelge Hall (Main Auditorium) from 9 a.m. to 5 p.m.

Rector of St Aloysius Institutions and Vice-President of MJES, Rev. Fr Melwin Pinto SJ in his speech said "Let us come together to combat the challenges posed by the deadly virus and help in its mitigation. Time has come to demonstrate our solidarity with the suffering humanity. As we empathize and responded to the plights of the migrant labourers during the first wave by providing nutritious food costing approximately Rs.900/- per food kit, we would like to continue the same during the second wave too. I am sure, there would be hundreds of such daily wage earners and migrant labourers languishing in the streets, bus and railway shelters waiting for our success. The expensive and most required apparatuses related to Oxygen would cost us enormously as we aspire to reach out to every single affected person that comes in contact with us."

Speaking after the blessing and launching of the 'ST

'ST ALOYSIUS COVID CARE CENTRE' Rev Fr Praveen Martis SJ, the Principal of St Aloysius College said, "God has given us two hands – one to receive with and another to

give with. We are not cisterns made for hoarding; we are channels made for sharing. When we share the sorrow of the crucified of the earth, we are no longer alone. We are made to share each other's burdens. Sharing food and provisions with the poor and the needy feeds our friendships, bolsters our bonds and nourishes our sense of community – and those factors are vital for our happiness. I request the Alumni of this great institution to come forward with their helping hand in making this project a success, aimed at a good cause during the pandemic where people are suffering and need help”.

On the launching of this Care Centre, president of SACAA Steven Pinto and Fr Cyril D'Mello SJ, the Coordinator of this project, and also the Director of St Aloysius Industrial Training Institute also spoke and sought support from well-wishers and alumni of St Aloysius

Institutions to contribute towards this project.

Dr Alwyn D'Sa, the Registrar and organizing committee member compered the programme.

The Aloysius Covid Care Centre will facilitate the following services to those who require assistance regarding the following:

1. Identifying persons and groups who require food and arranging for its distribution on a regular basis.
2. Reaching out to people with distress and loneliness through the College helpline and accompanying service "MANOTHEJAKA" for personal counselling services and services offered by the Counselors of the Institution
3. Continuation of the service rendered through Aloysius Jaala Santhe, by facilitating awareness regarding the rural entrepreneurs in the group through the staff and students.
4. Attending distress calls regarding emergency health related issues, hospitalization and requirement of medicines and refer the same immediately to the experts and institutions providing such services.
5. Provide awareness regarding the importance of vaccination and educate people to register themselves for vaccination.
6. Identifying and providing financial aid to patients with very poor economic background
7. Arranging for Medical Advice by expert doctors in cases of emergencies along with facilitating consultation on Post-Covid Care treatment B. Provide assistance to the senior citizens in the city who need help in terms of transportation, reaching necessary medicines and other Covid care related medical aid to their homes 9. Facilitate Ambulance services to patients who are in dire

need of immediate transportation.

10. Continue the regular awareness programmes on Radio Sarang, motivating and persuading members of the public to take extreme precautions and take vaccination on a priority basis.

Rector of St Aloysius Institutions and Vice-President of MJES, Rev. Fr Melwin Pinto SJ in his speech said "Let us come together to combat the challenges posed by the deadly virus and help in its mitigation. Time has come to demonstrate our solidarity with the suffering humanity. As we empathize and responded to the plights of the migrant labourers during the first wave by providing nutritious food costing approximately Rs.900/- per food kit, we would like to continue the same during the second wave too. The Department organised an International Webinar on Spectroscopy in Supersonic Jets by Alumnus of St. Aloysius College, Dr. Viola Caroline D'mello, Postdoctoral Researcher, CEA Saclay, France on May 19th, 2021. We had as dignitaries for the program Chief guest Dr. Viola D'mello, Principal Rev Dr. Praveen Martis SJ and Head of the Department Dr. Ronald Nazareth. Dr. Ronald Nazareth delivered the welcome address. The Principal Rev. Dr. Praveen Martis SJ in his address emphasised the importance of conducting such informative webinars which focuses on the new innovations and possibilities in research. Ms. Nileena Jose introduced the speaker. Dr. Viola delivered a very informative talk on supersonic jets. She mainly focused on the spectroscopic aspects of the supersonic jets which presents a way of studying the cold gas phase molecules without the cryogenic apparatus. This method is quite useful as the spectra of cold molecules are generally easier to interpret than those of the same molecules at room temperature, thus facilitating the determination of molecular structure. Around 500 participants were part of the webinar. The session concluded with a vote of thanks by Ms. Shravya Shetty.

Session on "Cyber Security through Cryptography"

St. Aloysius college, AIMIT, Department of Big Data (BDA) students attended an online session on Introduction to Cyber Security through Cryptography, organized by TCS in collaboration with ISI Kolkata on 7th May 2021. The lecture was delivered by Prof. Subhamoy Maitra, Dept. of Applied Statistics, ISI, Kolkata. The session started at 10 AM. The session commenced with a brief introduction and the broad meaning of **Cryptology**, which encompasses the vast field of Cryptography and Cryptanalysis. Cryptography is the process of converting an understandable message into a complex code. This code can only be unlocked into the original text using the suitable algorithm, which derives the concept of cryptoanalysis.

The background requirements for taking up a good career in this field were concluded by the lecturer. A strong background in the fields of Mathematics, Computer Science and a good approach in Electronics, telecommunications, and Physics, is the core elementary requirements to gain knowledge in this field of study. There were assignments given by the lecturer to the students so that they gain some knowledge on cryptology. The students were told to install Linux OS on their systems, for a better understanding of the concepts.

Different movies like *The Da Vinci Code* and *The Imitation Game*, which are based on the theories of cryptography were informed by the lecturer, inspiring the students to watch them.

After that, the vast practical implementation of Cybersecurity and cryptography in various scenarios like Net-Banking, different modes of communications, cryptocurrency, etc. were discussed.

A brief discussion of different key-based cryptosystems was done, by explaining their functionalities and working. Stream and Block cipher, which are broad classifications of symmetric-key cryptosystems were presented along with their perspectives in the modern world.

The great motto of Cryptology: "Security should not be based on Obscurity" was explained, followed by the different layers in the field of cryptography were introduced to the students.

Last but not least, sir Subhamoy Maitra opened the conversation to the students for questions. A question regarding his stand on the current scenarios of Cryptocurrency was well answered by him, telling students to do a self-research on the different cryptocurrencies and their futures in the world market. Sir Subhamoy concluded the session by saying "we cannot have security without cryptology".

The session was interactive and interesting for all the students, gaining immense knowledge regarding the respective fields and their scope in the present world.

Vanamahotsava Week

Van Mahotsava, or Forest Celebration, is an annual tree-planting festival that takes place across the country, with thousands of trees being planted. The week of Van Mahotsava is observed from July 1 to 7, with the goal of raising awareness about forest protection and environmental preservation. National Service Scheme of St Aloysius College (Autonomous), Mangaluru celebrated 'Vanamahotsava' from July 1 to July 7. - Minutes of the Previous Meeting - Dr. P P Sajimon, PG Dean : The minutes of the previous meeting was read by Dr. P P Sajimon, Dean of P G Studies and the house approved it.
- Deemed University Preparations - Rev. Dr. Praveen Martis SJ, Principal : Fr. Principal said, things might move when things are alright, may be one- or two-months' time, we will have good news.
- PG Academic Calendar/New Initiatives- Rev. Dr. Praveen Martis SJ, Principal: Fr. Principal said, we have already started classes for the PG even semester and they can go on as they have been planned, that is, 5th onwards students will join the classes, 7th onwards they will have their 1st internal examinations, after that they will continue attend their offline classes. They have 2nd internal examinations on May, 24th. Their final examination is planned from June 21st to July 3rd. We can finish 90 working days on June 21st. Principal informed the house about the new appointment of IQAC coordinator Mr. Sonal Lobo in the place of Mr. Naveen Mascarenhas.
- Examinations/New Courses/Programmes, Project Work / Reforms (PG) - Dr. Alwyn D'Sa, COE: He thanked all the members for their cooperation in conducting the end semester examinations. The results will be announced on 31st of March 2021. He also thanked Fr. Marcel Rodrigues, malpractice enquiry committee, for their constant efforts to solve the issues. He said, departments should have two BOS meeting in each academic year, and the department should maintain records of BOS, BOE, and minutes of Departmental meetings as a part of the statutory requirements of the department. Committee is constituted by the Mangalore University for the review of autonomy and they might visit within one or two weeks for inspection. Departments should be ready for that. Applications for Ph.D. in English and Chemistry reached us and we will streamline and send it to respective departments. Eligibility list of the PG students sent to the University for the issuance of certificates. The revised format of the NAAC will be on the performance of the departments. Therefore, I would suggest the coordinator of NAAC to concentrate in areas like, research, publication, innovation consultancy and extension. Department has to prepare the current status of research, publication, innovation, consultancy, extension and a prepare a future plan for the next one year or two years with expected outcome. Examination reformation committee was held in the last week and there was a lot of discussion on CIA continuous internal assessment. He requested Dr. Roveena Wright to explain the suggested reforms to the house. She said, one internal examination after the completion of 60 to 70% of portions over. That should bring down to 30 marks and remaining portions of the marks is based on internal assessment. Remove the mark for attendance at P G Level. Dr. Chandrashekhkar Shetty said, the present system is good in response to the issue. Dr. Loveena Lobo said, more practical sessions than two examinations. Fr. Leo added, most of the students writing one or the other exams. Santhosh Rebello said that as per the learning cycle of the student, they can have one test or two tests. JANICE STARLET D'SILVA OF SAC BECOMES ACCA AFFILIATE

Janice Starlet Joseph D'Silva, a former student of St Aloysius College (Autonomous), Mangaluru who studied B.Com. Degree with 3rd Rank has now become an ACCA Affiliate by completing the ACCA Advanced Diploma in Accounting and Business. She completed all the 13 papers of ACCA in a single attempt.

Janice is a native of Mangalore, born and raised in Kuwait and did her schooling in Carmel School, Kuwait. She was the school topper for Class 12 CBSE Examinations and ranked overall 2nd in Kuwait.

Janice recalls her journey as an ACCA graduate since she came to seek admission to B.Com. at St Aloysius College (Autonomous), Mangaluru. She says that, when she came to St Aloysius College for admission in 2016 with good credits and achievements, Dr John D'Silva, the former Vice-principal guided and motivated her to take up B.Com. with ACCA course which was newly introduced at St Aloysius College (Autonomous). Due to the global pandemic, Janice focussed on self-study method and attempted all the papers. As the ACCA course was just introduced, she could not get any exemptions in B.Com. papers, her dedication and perseverance made her to clear all the 13 papers in a single attempt.

Janice is grateful to St Aloysius College, the lecturers and especially Dr John D'Silva, the former Vice Principal, who encouraged her to stay determined and go the extra mile with his constant support.

The Management, Principal and the staff of St Aloysius College (Autonomous), Mangaluru congratulate Janice for her academic achievement and wish her all success in her future endeavours.
