'Echoes Of The Corridors - Portrait of St Aloysius College' Coffee Table Book Released

The Coffee Table Book, "Echoes of the Corridors" of St Aloysius College (Autonomous), Mangaluru, was released on 20th September 2023 by the Hon'ble Minister for Health and Family Welfare, Govt of Karnataka and District in-charge minister, Sri Dinesh Gundu Rao during his visit to the College.

Rev. Dr Praveen Martis SJ Principal, Harish Kumar District Congress president, Ivan D Souza former MLC, Dr Alwyn D'Sa, Registrar & Controller of Examinations, Ms Shilpa DSouza, Convenor, Dr Vidya Vinutha D'Souza, Director of St Aloysius Prakashana and Mr William Pais, Editor of the Coffee Table Book were on the dais.

Sri Dinesh Gundu Rao enlightened the students about the drug menace and said, "Every student realizes what is happening. At a young age, there will be peer pressure, penchant to try out new things, experiment, know few things, and despite knowing everything, we end up doing wrong things. Indulging in drugs will spoil your health, curtail your development as an individual, your confidence level goes down, your personality will diminish, and one small error can change your course of life. Students need to be pro-active in discouraging wrong things and learn to say no. The Karnataka government is mulling to ban hookah bars. Whenever we consume hookah, we will consume it for 30-45 minutes which is equal to smoking 20-40 cigarettes. We will be unaware what combination is mixed in hookah and get addicted to it. Rev Fr Melwyn Pinto "St Aloysius Institutions rector said, "The book released today 'Echoes of Corridors' is unique and showcases what the institution is all about. Lots of efforts have gone into making this book.

During the program, St Aloysius College felicitated Sri Dinesh Gundu Rao.

Dr Alwyn D'Sa welcomed the gathering, and Dr Mona Mendonca, Assistant Professor, Department of History compered the program. Shilpa D'Souza proposed the vote of thanks.

Pride of Kanara; True Son of India, Fr Jerome D'Souza SJ"

St Aloysius Prakashana, the publishing unit of St Aloysius College (Autonomous), Mangalore published a book titled, "Pride of Kanara; True Son of India, Fr Jerome D'Souza SJ" on 7 August 2023 at the Eric Mathias Hall. The book is authored by Prof. Edmund Frank, Dean, PGDBM at St Aloysius College, Mangalore. He is also the Vice President of the Federation of the Jesuit Alumni Associations of India and former President of St Aloysius College Alumni Association (SACAA)

The Bishop of Mangalore Rev Dr Peter Paul Saldanha, released the book at the Eric Mathias Hall before a large audience. A portrait of Fr Jerome D'Souza was also unveiled by the Bishop. This portrait will be installed in the College Museum.

The Principal of the College, Rev Dr Praveen Martis SJ in his welcome address said that it was a wonderful occasion to release the book on an Alumnus of the College like Fr Jerome D'Souza who rose to National and International fame. Fr Jerome's contribution as a member of the Constituent Assembly in securing the Fundamental Rights and Minority Rights was immense. He congratulated the Author Prof Edmund Frank for taking the efforts to write the book in a language and style easily understood by the readers.

Dr Ronald Fernandes spoke, giving an evaluation of the book and said that he had been an admirer of Fr Jerome and narrated some of the important highlights from the book. He spoke at length about the reasons that compelled Fr Jerome to move from Mangalore to Trichy.

Prof. Edmund Frank told the audience that he knew Fr Jerome very well during his Post Graduate studies at Loyola College from 1971 to 1973. Fr Jerome during their daily evening walks had narrated to him, his experiences in the Constituent Assembly and at the General Assembly of the United Nations Organisation from 1949 to 1957.

Quoting former Prime Minister Morajee Desai he said that Fr Jerome was a veteran educationist and strived to create an atmosphere for national integration to enable the minorities to join the mainstream of national life. Rightly so, the Government of India honoured Fr Jerome posthumously by issuing a commemorative postage stamp of Rs 2.00 denomination in his name and in his honour on his Birth Centenary year on 18 December 1997.

Sr Maria Shamitha AC, Provincial of the Apostolic Carmel, Karnataka Province, said that Fr Jerome is hailed as one of the architects of the Indian Constitution and that his only sister, Sr Viola joined the AC Congregation. It was the right occasion for her to thankfully reflect on the services Sr Viola rendered to the Congregation in various capacities.

Mr Edwin D'Souza, the grand-nephew of Fr Jerome from Mulki, represented Fr Jerome's close relatives and said that he and his family were living in the same house Fr Jerome was born and lived in.

Rev Fr Silvester D'Costa, of the Mulki Parish to which Fr Jerome belonged said that he was happy that Fr Jerome belonged to Mulki and that they were planning to build a Centre in his memory from which others could benefit.

Dr Alwyn D'Sa, the Registrar of the College was also the convenor of the programme. Dr Vidya D'Souza, Director of St Aloysius Prakashana proposed a vote of thanks. Dr Mona Mendonca anchored the programme very well.

This remarkable event, meticulously orchestrated by the UG & PG Departments of Chemistry at St Aloysius College (Autonomous), achieved its noble mission of kindling an enduring passion for Chemistry within the hearts and minds of the young, inquisitive participants.

This captivating one-day Chemistry Programme, CHEMERGENCE 2023 held on September 11, 2023, at the prestigious Fr L F Rasquinha Hall, LCRI Block of the College, marked the beginning of a day filled with inspiration, knowledge, and the promise of a brighter scientific future. The distinguished honor of inaugurating CHEMREGENCE 2023 was bestowed upon the eminent astrophysicist and former scientist of ISRO, Prof. P Sreekumar.

Prof. P Sreekumar, presently serving as the Director of Natural Sciences at MAHE (Manipal Academy of Higher Education), graced the event with his exceptional expertise and insights, setting the stage for an intellectually stimulating and enlightening day.

His address highlighted the remarkable contributions of Chemistry to our understanding of celestial bodies and the universe's underlying principles, such as the powerful tool of the black body curve, which played a pivotal role in the Adithya L1 project. Dr. Sreekumar emphasized that the pursuit of science, including Chemistry, enhances logical reasoning and critical thinking, fostering well-rounded individuals capable of contributing to society's advancement. In his presidential address Rev. Dr. Praveen Martis, SJ, the Principal of St Aloysius College, expressed profound gratitude for having a stalwart like Dr. Sreekumar grace the college and inspire young minds with his knowledge and passion.

Rev. Dr. Praveen Martis extolled the importance of nurturing aspirations and dreams in young students. He emphasized that passion is the driving force behind excellence and that students should deeply engage with their chosen fields. He eloquently described how these aspirations serve as the compass guiding individuals through their educational journeys and beyond.

By instilling the belief that no dream is too ambitious to chase, he set the stage for a profound discussion on the role of passion in achieving these aspirations Drawing inspiration from past visits by eminent scientists like Dr. C.N.R. Rao and Dr. Kasturirangan, he underscored the transformative power of such interactions.

He shared anecdotes and personal experiences that illustrated how one's genuine love for a subject or a career path can propel them to achieve great heights. He encouraged students to identify their passions early and passionately engage with their chosen fields. He asserted that genuine enthusiasm not only sustains motivation but also fosters innovation and resilience in the face of challenges.

National Nutrition Week - Guest Talk

Dept. of PGSR Food Science organized a Guest Talk on National Nutrition Week on September 6, 2023 During the guest talk that followed the formal program, Dr. Archana Prabhat delivered an insightful and inspiring address. She emphasized several key points that resonated deeply with the audience. Firstly, Dr. Prabhat underscored the immense value of real-time experience within the Diet Counseling Cell, highlighting it as a unique and invaluable opportunity for our students. The practical exposure gained here, she explained, is an essential complement to theoretical learning and equips students with the skills necessary to excel in the field of nutrition. Furthermore, she spoke eloquently about the pivotal role of food technologists in the broader context of nutrition. Her words shed light on how these professionals play a crucial part in bridging the gap between food science and nutrition, ultimately contributing to the health and wellbeing of individuals and communities.

Dr. Prabhat also touched upon the significance of maintaining good health and the critical role of accurate information in achieving this goal. She emphasized the importance of seeking guidance from experts in the field to ensure that individuals receive authentic and reliable advice regarding their health and nutrition.

In her address, Dr. Prabhat highlighted the fortunate position our students find themselves in. With access to real-life cases and the guidance of experienced faculty, they are uniquely positioned to refine their skills while interacting with clients. This experiential learning, she noted, is invaluable for their personal and professional growth. Lastly, Dr. Prabhat outlined the essential attributes that nutritionists, dietitians, and food technologists should possess. She emphasized the importance of empathy, communication skills, and a deep understanding of food science and nutrition. These qualities, she pointed out, are fundamental in effectively assisting those in need of food science and nutrition education. The integration of this practical learning experience into our students' PG curriculum is indeed a commendable step. It equips them with not only academic knowledge but also the practical expertise and qualities required to make a meaningful difference in the lives of individuals and communities. Dr. Prabhat's address served as a motivating reminder of the significant opportunities and responsibilities that lie ahead for our students in the field of nutrition and food technology.

briefed about how the College would mould the students under three components such as academic intelligence, character formation and social concern so that each student cherishes every aspect of life with dignity.

Dr Malini began her talk saying 'It's great to be young anywhere in the world, but it's equally great to be with the young anywhere in the world.' She advocated the book "Go Kiss the World" by telling the narrative of Subroto Bagchi, whose sick mother advised him to "Go Kiss the World," and indirectly encouraged him to carry on with his life without worrying about his mother's illness. "Do you want to be successful in life? "If you want to be successful, start now," urged the speaker. She used the metaphor of a hammock, which is easy to get into but tough to get out of, and applied it to life, saying, "You may think of yourselves as mature and you may think of yourselves as capable of making decisions for your life, making choices for yourself, ourselves. But there is always the risk of getting involved in anything unhealthy, even if it provides you with temporary pleasure." She ended the lesson by telling the pupils, "In these two years, try to be academically brilliant. Develop your EQ so that it can help you create your character. Be innovative and resilient so that you can meet the trials of time." Dr Rita Crasta, Assistant Professor, Department of Postgraduate Studies and Research in Physics, compered the programme. St Aloysius College Masters' Association of Commerce (SACMAC)

The motto of St Aloysius College is "Lucet et Ardet", which means, "Shine to Enkindle". Drawing inspiration from the motto of its Alma Mater, the Department of Postgraduate Studies and Research in Commerce, M. Com helps every student to shine and exhibit their hidden talent and be a dynamic leader for the future. To accomplish this particular aim the Department has an energetic association called "St Aloysius College Masters' Association of Commerce", popularly known as SACMAC.

SACMAC strongly believes that College life for every student is the golden life where friendships are forged, knowledge is gained and memories are canvassed forever. Embarking on the journey of education is not just

about textbooks and classrooms but a holistic experience that includes both academic and personal growth. Thus, SACMAC conducts various activities, seminars and competitions to facilitate the students to come forward, face the crowd and be at one's best in expressing one's talents and skills. The inauguration of this vibrant association was held on 25th August, 2023 at Fr Robert Sequeira Hall (LCRI BLOCK). Dr Steevan D Souza N, a wellknown youth counsellor, trainer and motivational speaker was chief guest of the program and Dr Loveena Lobo, the Director of Maffei Block, presided over the program. Ms Jennifer Maria Quadras, HoD, M. Com, Mr Mahammad Thauseef P, the staff co-ordinator of SACMAC, Ms Renita Fernandes and Ms Niveditha graced the occasion. The inauguration began with the prayer rendition by Ms Joslin and team. The spectacular welcome dance by Ms Vanessa Monteiro and troupe added flavour to the programme. At the outset Mr Mahammad Thauseef P welcomed the dignitaries & audience and introduced Dr Steevan D'Souza to the gathering. The lighting of the lamp and unveiling of SACMAC took the programme one step further. Fr Roshan, the student co-ordinator, briefed the activities and the events of SACMAC 2022-23 and the future plans for the year 2023-24. It was followed by the release of "Corporate Wave" an annual newsletter of the Department of M. Com. The chief guest in his inaugural address spoke about the process of learning-unlearning-relearning and the importance of being proactive in learning, taking a que from Stephen Covey's famous book 'The Seven Habits of Highly Effective People'. He encouraged the students to make the best use of the College life. Dr Loveena Lobo in her presidential address congratulated the Department and commended SACMAC for being the most active association

of the College and recommended that all the students to be lively participants in all the events and activities of SACAMC. The inauguration was followed by a motivational talk by Dr Steevan D'Souza on the topic "Embrace the unfamiliar: Stepping Beyond Your Comfort Zone". In his

talk Dr Steevan D'Souza spoke about the importance of having a role model and to emulate that person and the six pathways to feel better about oneself, i.e., to know oneself, to respect oneself, to love oneself, to affirm oneself, to trust oneself and to accept oneself. Further he said that everyone needs to have a good self esteem besides hard skills and soft skills to excel in one's life. All of us need to move from comfort zone - fear zone - learning zone - growth zone and life begins at the end of one's comfort zone. He concluded the session highlighting "to collect knowledge, not marks; to collect skills, not degrees; to collect experiences, not rewards; to invest in health, not in wealth; to collect one's purpose, not position/power because the purpose of one's life is to be happy." Sr Jovita Tellis compered the programme and Ms Anushree, the student co-ordinator proposed the vote of thanks. All together there were 65 students who witnessed the inauguration of SACMAC. It was a wonderful and thought-provoking motivational session that capti-Reported By: Chandrakala Nayak vated everyone.

Focus Group Discussions for Community Organisation

Guest Talk on "Focus Group Discussions for Community Organisation" by UG Department of Social Work on 03 August 2023 at Gelge Hall, St Aloysius College. The session was moderated by Ms. Coral Jean Rego, II yearr BA (SW) student. Ms. Savitha D'Souza, Head of UG Department of Social Work accompanied Mr. Kishore Attavara on to the dais. Sr. Lynda led the prayer. Mr. Kishore Attavara began the session by introducing himself, he spoke about his vast experience organizing communities in North Karnataka when he was working with the Azim Premji Foundation. He spoke about the emancipatory potential of group work for empowering communities. Issues of oppression, including caste and religion, were explored during the talk. He spoke about how social workers need to work around caste and religion while organizing focus group discussions. He gave examples of how surnames can be used to identify castes and power centers in communities. He asked the students for their surnames and identified their caste, clan and domicile. Through this, he showed the students that it was possible to know the caste location of people through their surnames. He also said that most of the social work interventions like group work and community organization take place within the bureaucratic parameters and the support of government officials and local politicians is crucial for this. He gave examples for this of his work in the Ullal CMC.

The second half of the session was interactive, wherein he took questions from the students. Several II year students shared their experiences from their field work and sought his advice to conduct programs in the communities. They also discussed the challenges they faced during the field work. He concluded by saying that working with communities was relatively difficult compared to working with individuals and groups because communities have more than one problem and a large number of people and that approaching communities directly is not easy as they might not be welcome or their interventions might not be appreciated by the communities, The session was concluded by a Vote of Thanks by Fathima Yaseen, II BA (SW).

Radquinha Hall of LCRI Block. Mr Jeeth Milan Roche, an Entrepreneur and environmentalist was the chief guest. Dr Falguni Vasavada, Professor of Marketing and Co-chair, MDP at MICA, was the resource person and Dr Alwyn D'Sa, Registrar of the College presided over the programme.

Addressing the gathering, Jeeth Milan Roche said, "Humans are insane species living on earth. It is very important for the present generation to preserve the biodiversity. The actual fact is that the earth is covered by only 3% with forest. Hence saving 3% of the greenery is the duty of every person. It is the responsibility of every parent not only to invest in their children's education, but also in nature as well."

Dr Alwyn D'Sa in his presidential remarks said,

"Perfection is the enemy of excellence. Society and individuals are always with high expectations. Believing in stereotypes, we always tend to wire ourselves with perfection. Hence, this fest will pave a way for breaking all those myths and also trigger more ideas that empower the society." Dr Falguni Vasavada enlightened the students with her words of wisdom. She said, "Perfection comes from stereotypes and biases, patriarchal society, popular culture, gender roles and generational trauma. In order to break these stigmas and stereotypes, unlearning certain things is more important than learning and that shows the true mark of education." She further said, how women are portrayed in advertisements and also how advertisements play a significant role in imparting the values of imperfections. She also said, "Everything looks good, when you start feeling good in yourself. In the imperfectly perfect world, one should adopt certain notions as to self-loving and unlearning things, to break the biases and other gender stereotypes."

During the programme, Dr Falguni Vasavada was felicitated by the dignitories. Dean of Arts Dr Rose Veera DSouza, assistant professor and HOD of sociology Ms Joan Rita O'Brien, and student coordinators Akinesh and Aathish were present on the dais. The formal function was then followed by various cultural events and competitions. Ms Joan Rita O'Brien welcomed the gathering and briefed about the programme. Niranjana compered the programme. Build support system for de-addiction, says Dinesh

MANGALURU, DHNS

ealth Minister Dinesh Gundu Rao said on Wednesday that drug addicts need a strong support system for de-addiction and a healthy life.

He was addressing students after releasing the coffee table book 'Echoes of the Corridors', a portrait of St Aloysius College at L F Rasquinha Auditorium of the same college.

The book has been written by William Pais and published by St Aloysius Prakashana. The minister said prevention, implementation of law and awareness are important to prevent drug addiction.

Drugs destroy the addict's health and curtail his/her development as an individual, said Rao, who is also the DK district In-charge minister.

They need to be placed on the road to recovery, either by informing authorities about drug peddling or by helping the person to get proper treatment," he said and urged students to say no to drugs.

Rao further said the govern-
