Fr Dionysius Vaz, SJ, Rector, St Aloysius College Institutions and President of this programme, Prof. Rajgopal Bhat and Dr Saraswathi, Conveners of the College Day, Dr A M Narahari, Registrar, Rev. Fr Melwyn Lobo, SJ, Finance Officer, Rev. Fr Denzil Lobo, SJ, Director, AIMIT, Directors: Rev. Fr Pradeep Anthony, SJ, Dr John E D'Silva, Dr Alwyn D'Sa, Dr Richard Gonsalves, Dr Loveena Lobo, Rev. Fr Melwyn Pinto, SJ, Director, Radio Sarang and Konkani Institute, Mr Relston Lobo, the Students' Council President, Deans, members of the Governing Body and the Academic council, Reverend fathers, Reverend Sisters, Members of the SACAA, our esteemed alumni, members of the staff, parents, invitees, esteemed benefactors, members of the media, my dear students, ladies and gentlemen:

College Day is one great occasion to share our mission, our dreams, celebrate our achievements, unravel the future vision and reaffirm our commitment to imparting quality education for all sections of the society. Every year brings with it so much freshness, new ideas and new horizons to be explored. In our mission of serving humankind, our faith in the Almighty gets strengthened and we seek his blessings in all our endeavours.

This institution which is managed by Jesuits has been relentlessly serving the society for the last 139 years without deviating from the vision and mission envisaged by the founders. Generations of students who have passed the portals of this great institution have immensely contributed to all spheres of life and facilitated a social, economic and spiritual transformation at the national as well as the global level.

St Aloysius College has traversed many significant milestones during the past 139 years and the legacy is carried forward with a renewed hope and aspiration for the 140th year. As we are proud of our achievements, we have set new and higher benchmarks and have stretched the boundaries in quest of excellence and service. Today, I feel a deep sense of fulfillment as this institution attains several distinctions elevating it to greater heights. It is with a great sense of pride I would like to announce that we are on the threshold of becoming a university. The UGC and AICTE Expert Committee visited the College for inspection for our proposal to be a Deemed to be University on 1 and 2 of February, 2019. After rigorous verification of the systems and processes put in place during our tenure as an Autonomous College, the Committee has submitted their findings and report to the UGC. We are hopeful that our dream of becoming a University with a difference is imminent. We look forward to your prayers and wishes as we await decision of the authorities.

The College emphasizes that the students cultivate a compassionate heart that vibrates for and with others. We, at St Aloysius believe that education is for both formation and transformation. Therefore we are on a determined journey towards building a humane, just, eco-friendly and gender sensitive society. Our goal is to spread the message that we are all one God's family. Our consistent attempt has been to create a community of persons who are continuously in harmony with nature and others. I am sure that the education that we impart in this institution will be able to steadily harness the cultural diversity among our youth for nation building and harmony which is the need of the hour.

College Day Theme:

I am proud to announce that we have chosen the most appropriate theme for the College day. **“Samrakshana: Accompanying Youth in Preserving Our Common Home.”** In the initial stages of evolution of civilizations humans lived in continuous harmony with the land. They used the earth with gratitude, knowing that care was required for continued sustenance. They rotated crops, controlled the cutting of wood, bulwarked the fields against erosion. In this peaceful co-existence, man was the invited guest. Today, we live in a Kingdom of consumerism where everything is converted into a commodity used in extravagance and everything has become a cultural liability by its abuse. The orgy of exploitation has reached its abysmal low and we are looking desperately for alternatives for re-establishing that harmony between people and our shared home, the earth. I believe that you, the youth of this country and the world will facilitate that alternative. Let us inspire them for reflection and action. I am sure this theme which encapsulates the vision of Pope Francis inviting youth to join hands in preserving our common home will impel the students of this College to engage themselves continually in preserving our common home. In a special way, I would like you to join us in our passionate drive to keep this campus green, clean and plastic free. I wish this movement gains momentum and extends to the city, our neighborhood and towns and villages of India and beyond.

Vision

Empowering Youth through Excellence in Education to Shape a Better Future for Humankind.

ST ALOYSIUS INSTITUTE OF CIVIL SERVICES (SAICS)

St Aloysius Institute of Civil Services was established on 12 January, 2019 to promote Civil Service aspirants. It was the outcome of an astute realization of the need for a full-fledged coaching establishment in the region.

The Institute aims at giving a comprehensive package to Civil Service aspirants and prepare them with a competitive edge for the Preliminary, Main and Personality rounds of Civil Services Examination. The Institute's mission is to widen and deepen the knowledge base of the candidates, and sharpen their aptitude and skills. From its inception in 1880, St Aloysius College Institutions have been providing courses and programmes at multiple levels. St Aloysius Institute of Civil Services offers a full time course for those who have completed graduation, post graduation or equivalent degree of a university, an Add-on course for undergraduates and a foundation course for the higher secondary students. Orientation programmes are conducted annually for high school and higher secondary/PUC students on career options.

The Institute is meant to advance the career prospects of youth who have the potential for high-ranking Civil Service placement but cannot afford the expensive coaching available only in big cities. As it is, most of our youth who are talented and would compete with skill and tenacity are constrained due to lack of access to quality coaching and updated study material. The Institute expects to bring Civil Services Examination coaching within easy reach of the candidates and it hopes to fulfill this mission by providing top quality training at a moderate cost. The Institute functions as a career guidance centre, too. It provides information on job opportunities to job-seekers and conducts job specific coaching programmes. Further, it provides expert counseling on job-related issues. Besides, it organizes a variety of HRD programmes such as training in public speaking, group discussion, model interviews, leadership programmes and camps.

CONCLUSION:

We have come to the end of the College Annual Report for the year 2018-19. We are grateful to God for the choicest blessings he has showered on our institution. This indeed has been a memorable year for us with several achievements in academic, co-curricular and extra-curricular domains. We firmly believe that education in this institution will be meaningful only to the extent that our students imbibe and put into practice the vision and mission of the College and become men and women for and with others; become active agents of change and make a difference. All that the College can do is to accompany and assist the students in realizing their hidden potential, to partner with them in the task of their integral formation so that they channelize their faculties towards building a humane, just, eco-friendly and gender sensitive society.

Let me take this opportunity to place on record all those who lent their hand to me in the effective administration of this huge and prestigious College during this year. It is not easy to manage and guide such a large number of students who are at a crucial juncture of their physical and psychological growth. However, this year has been a pleasant experience with plenty of fruitful activities and meaningful achievements strengthening our autonomy, exploring new horizons and encountering new challenges and bringing the institution on the threshold of becoming a university.

At the very outset, I would like to express my gratitude to Rev. Dr Jerome Stanislaus D'Souza, SJ, our Provincial & President of MJES as well as all the members of the Governing Body for the trust and confidence they have bestowed on me and for their unstinted support. I deem it my duty today, to express my deep sense of gratitude to our beloved Rector and President Rev. Fr Dionysius Vaz, SJ for his constant support, counsel and encouragement. His vision, foresight and passion for the growth of this institution have played a great role in our stride towards greater excellence during the year. I would like to thank, in a special way, Rev. Fr Pradeep Sequiera, SJ and Fr Melwyn Lobo for managing the finances of the College in an efficient manner. Dr A M Narahari, our Registrar, has been always at his work of efficiently managing the administrative procedures of the examination system. I place on record his contribution to the College during this year, especially for facilitating and preparing for the visit of the UGC Expert Committee along with the dedicated team of staff. I am grateful to Rev. Fr Denzil Lobo, SJ for professionally administering the second campus of AIMIT, BEERI. It has been a very pleasant and rewarding experience to work with our Directors: Dr John Edward D'Silva, Dr Richard Gonsalves, Dr Alwyn D'Sa and Dr Loveena Lobo and Rev. Fr Pradeep Anthony, SJ. I would like to thank them all for standing by me in the day to day administration of the College. I would like to thank Rev. Fr Ozzie Mascarenhas, SJ, Chairperson of MBA, Dr Chandrashekar Shetty, the Research Coordinator, Mr Naveen Mascarenhas, the IQAC Coordinator, and Dr Jayaprakash Gowda, the NAAC Coordinator and Dr Ronald Nazareth, Coordinator of "Star Status" Scheme, for their dedicated work and support.

I thank Rev. Fr Felix Victor, SJ, and Mr Anup Denzil Veigas, the Campus Minister, and coordinator of activities & the entire team for attending to the spiritual needs of the students during the year. I would like to thank all the Deans of various faculties, Heads of Departments, Class Guides, Mentors, Presidents of Co-curricular and Extra-curricular Associations, those teachers who willingly engaged the value education and theology classes and remedial classes, as well as teachers who went that extra mile to counsel students in the College and in the Listening Centre for showing that you care and for your committed service. We have a dedicated and vibrant administrative Staff under the leadership of Mrs Rita D'Costa and a dedicated team of Support and maintenance staff under the able guidance of Mr Alwyn Cyril Sequiera. I would like to thank each of them for their hard work and dedication for the College. They have been always self-effacing and loyal to the institution.

My sincere gratitude goes to dedicated band of teachers who have been in-charge of several staff and student activities. You have raised the quality of programmes to greater heights and we saw our College events appear in newspapers and Television Channels every other day. Here I would like to mention the dedicated work by our Assistant PRO Ms Chandrakala.

I am grateful to Rev. Fr John Lang Bosco, SJ, Rev. Fr Melwyn Pinto, Rev. Fr Pradeep Anthony, SJ, the Directors of the Gents' and the Ladies' Hostels & Mr Alex Rodrigues, Sr Grace Ida and Sr Lucy Lasrado, the wardens of the Gents' and Ladies' Hostels for their labour of love.

I wish to place on record the meticulous planning and execution of this grand event by the conveners of the programme, Prof. Rajgopal Bhat and Dr Saraswathi and College Day Organizing committee members. A mere thank you would be insufficient to express my gratitude for the great work you

have done. Congratulations to you! Your skills of coordination and teamwork have been exemplary. I thank all our benefactors in India and abroad who have been supporting us in many of our activities and projects for the benefit of our students.

My gratitude is due to my dear students, especially the Office bearers of the Student council, President, Mr Relston Lobo, Vice President, Ms Jini Saji, Secreatry, Ms Rupal, and Joint Secretary, Speaker, Mr Abdulla and Deputy Speaker, Roshan. Your dynamic leadership with the guidance and motivation of Dr Ratan T Mohunta and Dr Santhosh Goveas has made this year a memorable one.

This College feels proud today with the gracious presence of Dr Ullas Karanth, an eminent Scientist and Wildlife Conservationist who has consented to be the chief guest of this celebration. I am glad to say that he is an admirer and well-wisher of this prestigious institution. His dedication to the cause of ecology and wildlife is truly commendable. He is a man of vision and foresight determined to make a difference in the lives of people. He has evolved a new paradigm for living in harmony with the wild and nature. Students, he is, in many ways, a role model for you to emulate. We are extremely happy to have him with us as a source of inspiration to all of us. Dr Ullas Karanth, we are privileged to have you amongst us. Your ready acceptance to our invitation to be the chief guest today is a proof of your love and affection to the College. The entire Aloysian family acknowledges your eminence, applauds your achievements and wishes God's choicest blessings on you and your family.

Ladies and gentlemen, we look forward to great things to happen in this College in the coming years. One of the things that we all are excitedly waiting for is to acquire the status of a Deemed to be University. With your prayers and good wishes, we are sure that we fulfill this dream very soon. This landmark would provide us more space and freedom to experiment on diverse and multidisciplinary curriculum in pursuit of our vision and mission of forming men and women for and with others. Some of the significant immediate plans for the future are:

As I complete my second year of being the Principal of this prestigious College, I feel a sense of satisfaction to present my maiden annual College day report. God has been always behind me showering his blessings to arrive at decisions that are in the interest of the students and all the other stake holders. I am truly blessed to have the wholehearted support and cooperation from all of you. I will always be indebted to you for standing by me in all the endeavours of the College.

Let us together take this institution to greater heights. Let us work together as a team to fulfill the aspirations of our founding fathers. Let us be a true light house that guides the destinies of thousands of youth of this country into change makers and responsible citizens.

One again, I thank each and every one of you for your esteemed presence and wish you a pleasant evening. May God bless us all!
