College Day is one great occasion to revisit our great heritage, share our dreams, celebrate our achievements, unravel the future vision and reaffirm our commitment to imparting quality education for all sections of the society. Every year brings with it so much freshness, new ideas and new horizons yet to be explored. In our mission of serving humankind, our faith in the Almighty gets strengthened and we seek his blessings in all our endeavours.

This institution which is managed by Jesuits has been relentlessly serving the society for the last 140 years without deviating from the vision and mission envisaged by the founders. Generations of students who have passed the portals of this great institution have immensely contributed to all spheres of life and facilitated a social, economic and spiritual transformation at the national as well as the global level.

St Aloysius College has traversed many significant milestones during the past 140 years and the legacy is carried forward with a renewed hope and aspiration for the 141st year. As we are proud of our achievements, we have set new and higher benchmarks and have stretched the boundaries in quest of excellence and service. Today, I feel a deep sense of fulfilment as this institution attains several distinctions elevating it to greater heights. It is with a great sense of pride I would like to announce that we are on the threshold of becoming a university. All the rigorous processes involved in attaining the status of a Deemed to be university have been completed. The reports after evaluation of our proposals and additionally required documents, data and details have been positive. We look forward to your prayers and wishes as we await decision of the authorities.

The college emphasizes that the students cultivate a compassionate heart that vibrates for and with others. We, at St Aloysius believe that education is for both formation and transformation. Therefore we are on a determined journey towards building a humane, just, eco-friendly and gender sensitive society. In a special way we have made a serious attempt at focusing on the sustainable development goals envisaged by the UN and they have been our frame of reference in our curriculum development, pedagogical practices paving the way towards creating an equitable and inclusive growth paradigm of development which will

lead us into an economy driven by shared prosperity. Our goal is to spread the message that we are all one God's family. Our consistent attempt has been to create a community of persons who are continuously in harmony with nature and the others. I am sure that the education that we impart in this institution will be able to steadily harness the cultural diversity among our youth for nation building and harmony which is the need of the hour.

College Day Theme:

I am proud to announce that we have chosen the most appropriate theme for the College day. **"SAMVEDANA: Reaching the Unreached."** As we all know, in September, 2015, Heads of States and Governments agreed to set the world on a path towards sustainable development through the adoption of the 2030 Agenda for Sustainable Development. This agenda includes 17 Sustainable Development Goals, or SDGs, which set out quantitative objectives across the social, economic, and environmental dimensions of sustainable development — all to be achieved by 2030. The goals provide a framework for shared action "for people, planet and prosperity," to be implemented by "all countries and all stakeholders, acting in collaborative partnership." As articulated in the 2030 Agenda, "never before have world leaders pledged common action and endeavour across such a broad and universal policy agenda." 169 targets accompany the 17 goals and set out quantitative and qualitative objectives for the next 15 years. These targets are "global in nature and universally applicable, taking into account different national realities, capacities and levels of development and respecting national policies and priorities." A set of indicators and a monitoring framework will also accompany the goals. Keeping the 2030 Agenda for Sustainable Development, we felt that "Reach the Unreached" would be the most fitting theme for the landmark College Day – 140 in tune with the objective of being a catalyst in facilitating a most inclusive, holistic and sustainable growth driven by diversity and peaceful coexistence. I would propose this theme would ignite our minds and hearts to work together for a harmonious and sustainable culture where the dignity and self-respect of individuals will be held in highest esteem in this part of the country.

Vision

Empowering Youth through Excellence in Education to Shape a Better Future for Humankind.

FOREIGN COLLABORATION CELL: 2019-20**Dr Vincent Mascarenhas- Dean, Foreign/Regional Collaboration**

Collaborative work in academics is a critical component that drives progress and broadens networking. The fact that no two institutions are identical underlines the importance of team-work that challenges academics to think differently, share views, and articulate their unique competencies with others, thus fast-tracking progress. Ranging from social, economic, scientific and technological to branches of liberal arts and spiritual frontiers, collaboration plays a key role in quality enhancement and excellence. Exposure of faculty and students to other environments, ideas and cultures facilitate reasoning beyond physical limitations. CONCLUSION

We have come to the end of the College Annual Report for the year 2019-20. We are grateful to God for the choicest blessings he has showered on our institution. This indeed has been a memorable year for us with several achievements in academic, co-curricular and extra-curricular domains. We firmly believe that education in this institution will be meaningful only to the extent that our students imbibe and put into practice the vision and mission of the college and become men and women for and with others; become active agents of change and make a difference. All that the college can do is to accompany and assist the students in realizing their hidden potential, to partner with them in the task of their integral formation so that they channelize their faculties towards building a humane, just, eco-friendly and gender sensitive society.

Let me take this opportunity to place on record all those who lent their hand to me in the effective administration of this huge and prestigious college during this year. It is not easy to manage and guide such a large number of students who are at a crucial juncture of their physical and psychological growth. However, this year has been a pleasant experience with plenty of fruitful activities and meaningful achievements strengthening our autonomy, exploring new horizons and encountering new challenges and bringing the institution on the threshold of becoming a university.

At the very outset, I would like to express my gratitude to Rev. Dr Jerome Stanislaus D'Souza, SJ, our Provincial & President of MJES as well as all the members of the Governing Body for the trust and confidence they have bestowed on me and for their unstinted support. I deem it my duty today, to express my deep sense of gratitude to our beloved Rector and President Rev. Fr Dionysius Vaz, SJ for his constant support, counsel and encouragement. His vision, foresight and passion for the growth of this institution have played a great role in our stride towards greater excellence during the year. I would like to thank, in a special way, Rev. Fr Vincent Pinto for managing the finances of the college in an efficient manner. Dr A M Narahari, our former Registrar, has been always at his work of efficiently managing the administrative procedures of the examination system. I, on behalf of the management, place on record his contribution to the college and for his dedicated long service to the college in various capacities. I also am grateful to Dr Alwyn D'Sa, our Controller of Examinations for meticulously planning the examination schedules and implementing them efficiently. I am grateful to Rev. Fr Denzil Lobo SJ for professionally administering the second campus of AIMIT, BEERI. It has been a very pleasant and rewarding experience to work with our Directors: Dr John Edward D'Silva, Dr Richard Gonsalves, Dr Denis Fernandes, Dr Loveena Lobo and Rev. Fr Pradeep Anthony, SJ. I would like to thank them all for standing by me in the day to day administration of the college. I would like to thank Rev. Fr Ozzie Mascarenhas SJ, Chairperson of MBA, Dr Chandrashekar Shetty, the Research Coordinator, Mr Naveen Mascarenhas, the IQAC Coordinator, and Dr Jayaprakash Gowda, the NAAC Coordinator and Dr Ronald Nazareth, Coordinator of "Star Status" Scheme, for their dedicated work and support.

I thank Rev. Fr Felix Victor SJ, and Mr Anup Denzil Veigas, the Campus Minister, and coordinator of activities

& the entire team for attending to the spiritual needs of the students during the year. I would like to thank all the Deans of various faculties, Heads of Departments, Class Guides, Mentors, Presidents of Co-curricular and Extra-curricular Associations, those teachers who willingly engaged the value education and theology classes and remedial classes, as well as teachers who went that extra mile to counsel students in the college and in the Listening Centre for showing that you care and for your committed service. We have a dedicated and vibrant administrative Staff under the leadership of Mrs Rita D'Costa and a dedicated team of Support and maintenance staff under the able guidance of Mr Godwin Coelho I would like to thank each of them for their hard work and dedication for the college. They have been always self-effacing and loyal to the institution.

My sincere gratitude goes to dedicated band of teachers who have been in-charge of several staff and student activities. You have raised the quality of programmes to greater heights and we saw our college events appear in newspapers and Television Channels every other day.

I am grateful to Rev. Fr Cyril D'Mello SJ, Rev. Fr Melwyn Pinto SJ, Rev. Fr Pradeep Anthony, SJ, the Directors of the Gents' and the Ladies' Hostels & Mr Alex Rodrigues, Mr Gracian Monteiro, Sr Bibiana Noronha and Sr Grace Ida, the wardens of the Gents' and Ladies' Hostels for their labour of love.

I wish to place on record the meticulous planning and execution of this grand event by the conveners of the programme, Dr Saraswathi and Mr Donnet D'Souza and College Day Organizing committee members. A mere thank you would be insufficient to express my gratitude for the great work you have done. Congratulations to you! Your skills of coordination and teamwork have been exemplary.

I thank all our benefactors in India and abroad who have been supporting us in many of our activities and projects for the benefit of our students.

My gratitude is due to my dear students, especially the Office bearers of the Student council, President, Mr Lloyd Sequeira, Vice President, Ms Rupal D'Souza, Secretary, Mr Varun Singhala, Joint Secretary, Ms Melnitha Correa, Mr Dilton Mascarenhas, Cultural Secretary, Mr Mohammed Rumaiz, Sports Secretary Your dynamic leadership with the guidance and motivation of Dr Ratan T Mohunta and Dr Santhosh Goveas has made this year a memorable one.

This College feels proud today with the gracious presence of Prof Laxmi Chandrashekar, Retd Professor of English, Theatre & Television Artist who has consented to be the chief guest of this celebration. I am glad to say that she is an admirer and well-wisher of this prestigious institution. Her dedication to the cause of education and theatre is truly commendable. She is a woman of vision and foresight determined to make a difference in the lives of people. Students, she is, in many ways, a role model for you to emulate. We are extremely happy to have her with us as a source of inspiration to all of us. Prof Laxmi Chandrashekar we are privileged to have you amongst us. Your ready acceptance to our invitation to be the chief guest today is a proof of your love and affection to the college. The entire Aloysian family acknowledges your eminence, applauds your achievements and wishes God's choicest blessings on you and your family.

Ladies and gentlemen, we look forward to great things to happen in this college in the coming years. One of the things that we all are excitedly waiting for is to acquire the status of a Deemed to be University. With your prayers and good wishes, we are sure that we fulfil this dream very soon. This landmark would provide us more space and freedom to experiment on diverse and multidisciplinary curriculum in pursuit of our vision and mission of forming men and women for and with others. Some of the significant immediate plans for the future are:

As I complete my third year of being the Principal of this prestigious college, I feel a sense of satisfaction to present this annual college day report. God has been always behind me showering his choicest blessings to arrive at decisions that are in the interest of the students and all the other stake holders. I am truly blessed to have the wholehearted support and cooperation from all of you. I will always be indebted to you for standing by me in all the endeavours of the college.

Let us together take this institution to greater heights. Let us work together as a team to fulfill the aspirations of our founding fathers. Let us be a true light house that guides the destinies of thousands of youth of this country into change makers and responsible citizens.
