THE UNIVERSITY CREST

This is the Crest and the Motto of this University. Let this be always before your eyes to remind you the aims and objectives of your education and the level of excellence you are expected to achieve in this University.

If you have a closer look at it, on the right half of the shield like crest, you see three soaring eagles reminding you that you should never be satisfied with mediocrity, but aim at excellence in intellectual, physical and spiritual dimensions of your personality. Besides, you also see a jumping lion symbolizing the vigour and courage you must cultivate.

On the left half of the crest, you observe the sun shining over the West Coast. Every student passing through the portals of this institution must be like the sun illuminating and contributing to the growth and prosperity of the people of this land..

St Aloysius Gonzaga

This University is named after St Aloysius Gonzaga. He was a 16th Century Prince, heir to the throne of the Marquisate of Gonzaga in Italy, who had, everything he could have desired in life at his disposal. But inspired by a deep spirit of faith and moved by a profound love of mankind, at the age of 18, he renounced his rights and entered the Jesuit Order to be a religious whose wealth would be God alone and whose happiness would be the service of others.

While Aloysius was still into training, there was a plague in Rome. Victims of the plague had no hope of recovery and were abandoned for fear of contagion. The youthful Aloysius, who was then 24, rose to the occasion with his companions and immediately set about caring for the sick and the dying, risking his own life. The risk, however, was too great. Aloysius fell a victim to the disease and died in the midst of his noble work, offering his life as a sacrifice for others.

It is the example of his life, pure and noble, not seeking the glories of this world but genuinely concerned about the well-being of others, that is offered to you as a model here.

ESTD : 1880

The University Motto

When you look at the University Crest, you will notice the letters, IHS in the centre of the rising sun. This is the abbreviation of the name of Jesus (which in Greek is written as *IHSUS*). That name symbolizes deepest faith in God, commitment to humanity and the readiness to sacrifice one's life for others.

The Motto of this University is *Lucet et Ardet*. These Latin words which mean **Shine to Enkindle**, refer to the qualities of the mind and the heart. It is the deep desire of this *Alma Mater* to present to the world and our nation, men and women with knowledge and creativity and hearts burning with genuine love and concern for others.

May your life measure up to the expectation of this Motto.

The college attained Autonomous Status in 2007 and was subsequently recognized as an "Institution with Potential for Excellence" by the UGC in 2009. St Aloysius

College has always strived for academic brilliance and received the esteemed "Institution with Star Status" by the Department of Biotechnology, Government of India, in 2016. It has received the 58th rank among institutions in India in the NIRF-2024 Ranking by the Ministry of Education, highlighting its unparalleled educational standards. In addition to academic rigor, the college is famous for its vibrant sports, extracurricular, and co-curricular activities, which contribute to the holistic development of its students.

UNIVERSITY VISION

Empowering youth through excellence in education to shape a better future for humankind.

UNIVERSITY MISSION

St Aloysius Institutions of the Mangalore Jesuit Educational Society (MJES), inspired by the person and mission of Jesus Christ and guided by the motto *“Lucet et Ardet”* commit themselves to spread the light of knowledge and wisdom, to kindle the ardour of faith that does justice by forming men and women for and with others, who are academically accomplished, emotionally balanced, morally upright, socially responsible, ecologically sensitive and professionally dedicated so that they become a powerful force in the transformation of society.

Aims and objectives of the University

In keeping with the tradition of the Society of Jesus which runs this institution and the needs of the time, the University aims at the integral formation of its students helping them to become *men and women for and with others*:

- ♦ through striving for excellence in learning, creative and practical thinking and co-operative leadership, with a stress on both academic and human excellence,
- ♦ inspired by genuine religious and moral values, and
- ♦ with practical awareness of the prevailing social conditions and demonstrate a commitment to the cause of justice.

Thus an Aloysian

- ♦ lives a commitment to justice;
- ♦ acts with a strong self esteem;
- ♦ thinks critically and creatively;
- ♦ communicates effectively;
- ♦ excercises power appropriately;
- ♦ cultivates a positive sense of direction;
- ♦ evokes hope.

Your education in this institution will be meaningful only to the extent you personalise and strive after these values and goals. All that the University can do is to facilitate realization of your hidden potential, be a partner with you in the task of integral personality-building, where your faculties and qualities will find harmonious development. This entails development in a three-fold dimension: intellectual, physical and spiritual.

Intellectual Development

The development of your mind, the acquisition of information in different subjects of your study, digesting this information and putting it into a practical framework will be a major part of your education here. Let your aim of study be not just to successfully

reproduce in an examination what you have learnt, but to cultivate the art of thinking independently, analytically and critically and expressing yourself clearly.

Do not limit yourself to classroom material. You are advised to develop deep into your subject by regular study and wide reading. The HRD Programmes and Certificate Courses will help you to realize this. You are expected to broaden your intellectual horizons by acquiring a working knowledge of all subjects even though they do not form a part of your syllabus. Thus Commerce and Arts students would do well to acquire a general knowledge of scientific theories and technological innovations while science students would have a working knowledge of the economic, political and social dimensions of everyday life.

Learning requires regular work. Have a time-table for your home study. The University has three excellent libraries with over one lakh books and a reading room. Make good use of the library, particularly during your free hours. The librarian and lecturers will help you to select the right books. You have a spacious newspapers and periodical section for updating your knowledge on current affairs.

Physical Development

“A sound mind in a sound body” goes the universal adage. Towards the integral development of your personality, it is essential that you give importance to the development of your physical agility through sports and games and acquire skills to tone your body and enhance endurance. The University has extensive play grounds and you can strive to be a part of the college sports and games teams which would be a unique privilege.

NCC with its Army, Navy and Air wings, and the NSS with its regular service activities help you to develop your physical endurance, team spirit, fair play, punctuality and sound habits of health and hygiene.

Spiritual Development

Being an institution administered by a religious order, the University gives highest importance to spiritual formation and character building. A person is what his spiritual and moral values are, and you will carry this aspect of your education with you all your life.

Your character is the sum of your values which express themselves through your attitudes, dealings, relationship with others, and the way you face problems or challenges in life. The time in University is the period when you have to build your value system: honesty, justice, co-operation, fellowship and concern for others, belief in and a filial devotion to God and universal love that embraces all people cutting across barriers of religion, caste or nationality.

To acquire this, you have regular programmes in Value Education. Moreover, you will pick values from your companions and elders while you will influence the value system of others.

Essential to any spiritual and value formation is self-discipline, a systematic effort to channelise your impulses, emotions and feelings to their proper ends, and make them a power to achieve some good. Lack of discipline results in confusion and chaos, both internal and external, personal and social, where no true education is possible. Thus, the rules of discipline of the University will help you cultivate self-discipline.

The habit of regular prayer and meditation is earnestly recommended to all. The University has a beautiful Chapel and everyone is welcome to sit in meditation or spend a few moments of quiet prayer and reflection. Catholics, particularly those staying in the hostels, are earnestly invited to participate in the daily morning services in the Chapel.

Co-curricular and Extra-curricular Activities

A good part of our education, the broadening of horizons, inculcation of values, learning to relate to and to deal with others, exercise of participative leadership etc., takes place through co-curricular and extra-curricular activities. The University provides ample opportunities in the form of more than forty Associations and Clubs with the dedicated staff for training and guiding you.

Social Concern

The need of our times is not only persons with a vision but also persons with a mission- a genuine social consciousness and a heart for others. In a society, where people are victimised by personal and institutionalised injustice, in a society that is constantly threatened by trends of communalism, it is vitally important that we are aware of the forces of injustice and exploitation and respond to them adequately.

For this, we need people with genuine social consciousness who find meaning by being at the real service of others even at the cost of themselves- men and women for and with others.

If our students cultivate such a heart and move out of this institution imbued with a sense of social concern, ready to stake their lives for the poor and oppressed persons, the University will have succeeded in its mission and genuinely be proud of its endeavour.

Towards this integral development of the body, the mind and the heart, we have certain systems in place: Class Guides, Mentoring, and Counselling Services.

Eco-friendly Campus

University has been making a conscious effort to maintain its campus **green, clean** and **eco-friendly**. Several steps have been initiated in this regard.

1. **Vermi-Bin:** All the bio-degradable waste, and dry leaves collected in the campus are converted into organic compost.

2. **Rain Water Harvesting:** The campus buildings are designed to store and re-use the rain water in the undergrounds tanks.
3. **Solar Energy:** The use of solar energy has been promoted extensively in the campus to provide lighting and water heating facility.
4. **Green Audit:** A committee has been formed to motivate the students and to develop sensitivity towards nature and ecological balance.

Staff – Student Rapport

Our lives are shaped by the people with whom we constantly interact, and here, it will be your teachers. You have an excellent staff in this University; make good use of their experience and knowledge through constant personal contact both inside and outside the classroom. Today, more than ever, closer ties between staff and students, is the only way to counter many problems arising from the impersonal atmosphere prevailing in our campuses of higher education. Cultivate openness to seek guidance from your teachers.

This staff-student rapport will be all the more effective if parents co-operate and keep in touch with the University and staff. The University brings together parents and teachers during specific programmes which would assist parents to get an insight into the problems of growing youngsters like you.

Many of our staff members have undergone training to help you not only with your academics but also with your personal and emotional concerns. You may always approach them for guidance, not only to help you solve your problems but also to help you become more effective in the way you function. Batches of degree students will be assigned a Class Guide who will meet his/her wards regularly and also conduct well-planned programmes to enhance their self-confidence, improve healthy inter-personal relationships and effective utilization of their talents and abilities.

The graduate attributes reflect the particular quality and feature or characteristics of an individual, including the knowledge, skills, attitudes and values that are expected to be acquired by a graduate through studies at the higher education institution (HEI) such as a college or university. 4. Discipline based Intro-ductory Cour-ses	Introductory courses bridge the gap for a student if he/she has not got a basic groundwork in a specific area of discipline
5. Major Discipline Core Courses	A Major discipline is the field in which a student focuses during the course of his/her degree. A course in a discipline, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course. The core courses aim to cover the basics that a student is expected to imbibe in that particular discipline. They provide fundamental knowledge and expertise to produce competent, creative graduates with a strong scientific, technical and academic acumen. The courses under this category are to be taught uniformly across all universities with minimum deviation. The purpose of fixing core courses is to ensure that all the institutions follow a minimum common curriculum so that each institution adheres to a common minimum standard which makes credit transfer and mobility of students easier.
6. Major Discipline Elective Courses	Elective Course is a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/ subject of study or which provides an extended scope or enables an exposure to some other discipline/ subject/domain or which nurtures the candidate's proficiency/

	<p>skill. Elective courses offered under the main discipline are referred to as Discipline Specific Electives. These courses provide more depth within the discipline itself or within a component of the discipline and provide advanced knowledge and expertise in an area of the discipline. The institutions have freedom to have their own courses based on their expertise, specialization, requirements, scope and need. The elective courses may be of interdisciplinary nature</p>
7. Generic Elective Courses	<p>Generic Elective Courses are courses chosen from an unrelated discipline/ subject, with an intention to seek exposure beyond discipline/s of choice. The purpose of these is to offer the students the option to explore disciplines of interest beyond the choices they make in Core and Discipline Specific Elective Courses. Note: A core course offered in a discipline/subject may be treated as an elective by other discipline/ subject and vice versa and such electives may also be referred to as Generic Electives.</p>

- At the end of first year – Ability to solve well defined problems
- At the end of second year – Ability to solve broadly defined problems
- At the end of third year – Ability to solve complex problems that are ill-structured requiring multi-disciplinary skills to solve them
- During fourth year – Experience of workplace problem solving in the form of internship or Research Experience preparing for higher education or Entrepreneurship Experience

Assessment and Evaluation Guidelines

A multidisciplinary program requires a multidimensional assessment to measure the effectiveness of the diverse courses. The assessment process acts as an indicator to both faculty and students to improve continuously. The University provides the following Honours course with research-Psychology, Economics, English, Chemistry, Physics, Food Science, Biotechnology, Commerce, Data Science. The following are the guidelines for effective assessment of the program:

Sl No	Parameters for the Evaluation	Marks
	Continuous Internal Evaluation(CIE)	
A	Continuous and Comprehensive Evaluation (CCE)	20 Marks
B	Internal Assessment Tests (IAT)	20Marks
	Total of CIE (A + B)	40 Marks
C	End Semester Examination	60 Marks
	Total of CIE and SEE(A+B+C)	100 Marks

- o The first component (C1), of assessment is for 20 marks. This shall be based on test, assignment, seminar, case study, field work, project work etc. This assessment and score process should be completed after completing 50% of syllabus of the course/s and within the first half of the semester.
- o The second component (C2), of assessment is for 20 marks. This shall be based on test, assignment, seminar, case study, field work, internship / industrial practicum / project work

etc. This assessment and score process should be based on completion of the remaining 50 percent of syllabus of the courses of the semester.

DEFINITIONS OF KEY WORDS:

- a. Academic Year:** Two consecutive (one odd + one even) semesters constitute one academic year.
- b. Choice Based Credit System (CBCS):** The CBCS provides choice for students to select courses from the prescribed courses (core, open elective, discipline elective, ability and skill enhancement language, soft skill etc. courses).
- c. Course:** Usually referred to as 'paper', which is a component of a programme. All courses need not carry the same weight. The courses should define learning objectives and learning outcomes. A course may be designed to comprise lectures/ tutorials/laboratory work/ field work/ project work/ vocational training/viva/ seminars/term papers / assignments / presentations/ self-study etc. or a combination of some of these.
- d. Credit Based Semester System (CBSS):** Under the CBSS, the requirement for awarding a degree /diploma /certificate is prescribed in terms of number of credits to be earned.
- e. Credit:** A unit by which the course work is measured. It determines the number of hours of instructions required per week in a semester. One credit is equivalent to one hour of lecture or tutorial or two hours of practical work/field work per week in a semester. It will be generally equivalent to 13-15 hours of instructions per semester.
- f. Grade Point:** It is a numerical weight allotted to each letter grade on a 10-point scale.
- g. Credit Point:** It is the product of grade point and number of credits for a course.

- h. Letter Grade:** It is an index of the performance of students in a said course. Grades are denoted by letters O, A+, A, B+, B, C, P and F.
- i. Programme:** It is a study in a discipline leading to award of a Degree, diploma or certificate.
- j. Semester:** Each semester will consist of over 16 weeks of academic work equivalent to 90 actual teaching days. The odd semester may be generally scheduled from June to November and even semester from January to May.
- k. Semester Grade Point Average (SGPA):** It is a measure of performance of work done in a semester. It is the ratio of total credit points secured by a student in various courses registered in a semester and the total course credits taken during that semester. It shall be expressed up to two decimal places.
- l. Cumulative Grade Point Average (CGPA):**

It is a masurer of over all umulative performance of a student over all the semesters of a programme. The CGPA is the ratio of total credit points secured by a student in various courses in all the semesters and sum of the total credits of all courses in all the semesters. It is expressed up to two decimal places.
- m. Transcript or Grade Card or Certificate:** Based on the grades obtained, a Grade Card shall be issued to all the registered students after every semester. The grade certificate will display the course details (code, title, number of credits, grade secured etc.).

Choice Based Credit System (CBCS) Structure

The choice based credit system has been adopted to make undergraduate education 'student centric' rather than 'system centric' or 'teacher centric'. It is to create a holistic curriculum. Thus, in addition to dedicated focus on a discipline through core papers, elective papers have been added which will give students the freedom to choose the allied/applied/broad areas of their discipline and also the areas of other disciplines of their interest. Further, aligning with the vision of the Government, special emphasis has been given to ability enhancement and skill development courses. Students will have complete freedom to choose these courses from a pool.

As per the choice based credit system, each course shall carry certain number of credits. Credits normally represent the weightage of a course and are a function of teaching, learning and evaluation strategies such as number of contact hours, the course content, teaching methodology, learning expectations, etc. In the proposed programmes, the credits shall be based on the number of instructional hours per week, generally 1 credit per hour of instruction in theory and 1 credit for 2 hours of practical or project work or internship per week. All courses that include Language, Ability Enhancement, Core and Elective courses in Major and Minor Specialization, Research based learning, Project/ Practical/ Internships are assigned credits. Based on these, an average of around 24 credits per semester and a total of around 192 credits per under-graduate honours degree programme are assigned.

- o Credit score earned by a student for any course shall be included in the student's overall score tally irrespective of whether the course is offered by the parent university (degree awarding university/institute) or not.

- o **Ability Enhancement (AE) Courses** be divided into two categories:
 - a. **AE Compulsory Courses (AEC):** The College may have common curriculum for these papers. There may be one paper each at least in the 1st two semesters viz. (i) English/ Communication, (ii) Environmental Science;
 - b. **Skill Enhancement Courses (SEC):** The College may offer from a common pool of papers listed by GEC/ NHERC or the universities may frame some papers, in addition to the list suggested by GEC/ NHERC.
- o An undergraduate degree with Honours in a discipline may be awarded if a student completes 14 Core Courses in that Discipline, a minimum of 10 courses under the category of Discipline Specific Electives, Generic Electives, Minor Discipline and Vocational Courses, 2 Language Courses, 2 Ability Enhancement Courses (AEC), a minimum of 2 Skill Enhancement Courses (SEC) and 2 Extra-Curricular Activities (ECA), ensuring that the total credits earned is not less than 184 credits.
- o The credit(s) for each theory paper/ practical/ tutorial/ project/ dissertation will be as per the norms followed globally.
- o Wherever a University requires that an applicant for a particular Masters/ Technical/ Professional course should have studied a specific discipline at the undergraduate level, it is suggested that obtaining 84 credits in the concerned discipline at the undergraduate level may be deemed sufficient to satisfy such a requirement for admission to the Masters/ Technical/ Professional Programme.

The Salient Features of the Choice Based Credit System (CBCS) - PG

- ◆ All Postgraduate Courses except MCA have been brought under Choice Based Credit System (CBCS)
- ◆ A semester will be of 16 weeks duration excluding the end semester examination
- ◆ Credit System is based on LTP i.e. Lecture, Tutorials and Practicals
- ◆ Each student under CBCS has to compulsorily opt for a specified open elective which is offered by departments other than the parent department during the Second and Third semester
- ◆ Add-On programmes, Internship, Rural Exposure programme, Project Work are some of the special features
- ◆ Syllabus of all subjects is constantly revised and updated as per the requirements
- ◆ The relative importance of subjects of study and activities are quantified in terms of credits. For the sake of uniformity all the PG programmes will have 92 credits. Each programme of study will have “Core” and “Elective” courses. The Core course will further consist of “Hard” and “Soft” core courses. Hard core courses will have 4-5 credits while soft courses will have 3-4 credits.
- ◆ Core Course is related to the discipline of the programme. Hard core courses are compulsorily studied by a student as a core requirement to complete the requirement of a programme in a discipline of the programme. Open Elective is a course chosen from a discipline specified.

- Out of the total 92 credits of the programme, the hard core will make up 50%-65% of the total credits, soft core 30%-45% while the open electives will have a fixed 6 credits (3 credits x 2 courses).
- In the case of subjects with practicum, there shall be a minimum of 16 credits of practicum in the programme.
- A project work is a course that is to be taken up in the third or fourth semester. However, credit for the project work is counted for the fourth semester only. A project work can be a full fourth semester or equivalent to a course. Project work is compulsory for every PG programme. Normally a project work is the 4 credit course or full semester course.

Assessment /Evaluation Procedure

The assessment will be based on knowledge, intelligence, application, understanding of the concept and creativity. The system of evaluation is based on objectivity, transparency and accountability. There shall be examinations at the end of each semester ordinarily during November/December for odd semesters and during April/May/June for even semesters. Each course shall be evaluated with 30% of marks for continuous internal assessments and 70% of the marks for the end semester examinations.

Continuous Internal Assessment (CIA) has the following components

i	Two internal tests of 50 marks each (one and a half hour duration)	25 marks
ii	Surprise Tests, Quiz, Seminar, etc.	12 marks
iii	Assignments, Review, Report Writing, etc	10 marks
iv	Class Participation	3 marks
	Total	50 marks

Distribution of marks for class participation is as follows:

91% and above	3 marks
85-90%	2 marks
76-84%	1 mark

- ◆ Continuous evaluation system is administered by the department concerned based on the Regulations
- ◆ Two Internal tests of 1½ hour duration each, carrying 50 marks in each semester are conducted as per the time table announced by the concerned department within the specified dates. Question paper pattern is similar to the end semester examination
- ◆ Model Practical examinations are conducted for awarding internal assessment marks
- ◆ Students who miss the internal examinations may not be allowed to appear for the re-tests except under extraordinary circumstances

POSTGRADUATE PROGRAMMES

INTRODUCTION

The NEP 2020 outlines a transformative vision for postgraduate education. In line with the vision of NEP 2020, the postgraduate curriculum at St Aloysius University is developed to enable academic mobility, flexibility, and employability. The policy recommends a 1-year PG Diploma programme for students with a 3 or 4-year UG degree, a 2-year PG programme for students with a 3-year UG degree. The structure supports choice-based learning, multiple entry and exit options, and a research focus for students seeking to pursue higher-order academic and professional goals.

The University is actively working towards expanding its academic offerings in alignment with the evolving needs of learners and the higher education landscape. As part of its future roadmap, the institution envisions launching a One-Year Postgraduate Programme, specifically designed for students who have completed a Four-Year Honours Bachelor's degree with a strong research component. This initiative aims to provide an accelerated path for academically advanced students to pursue postgraduate education without redundancy, while maintaining academic rigor and depth.

The curriculum at our university encourages high-quality research, industry interface, and use of digital resources and open learning platforms like SWAYAM and MOOCs. Our institution incorporates these elements through blended learning and academic collaborations.

PG framework is in sync with National Credit Framework (NCrF) for the creditization of all learning and assignment,

accumulation, storage, transfer & redemption of credits, subject to assessment.

A student is eligible for a PG programme in a discipline corresponding to either major or minor(s) discipline in UG programme. In this case, the University can admit the students in the PG programme based on the student's performance in the UG programme or through an entrance examination. However, irrespective of the major or minor disciplines chosen by a student in a UG programme, a student is eligible for admission in any discipline of PG programmes if the student qualifies the National level or University level entrance examination in the discipline of the PG programme.

As per the NEP 2020 key recommendations for postgraduate (PG) education, the following duration PG programmes are offered:

- A **2-year PG programme** is suggested for students with a 3-year Bachelor's degree, with the second year focused on research.
- Students with a **4-year Bachelor's (Honours/Honours with Research)** may pursue a **1-year PG programme**.
- A **National Higher Education Qualifications Framework (NHEQF)** is adhered to define PG qualifications based on learning outcomes at levels 6, 6.5, and 7.
- The PG structure as aligned with the **National Credit Framework (NCrF)** for standardized credit accumulation, transfer, and recognition of learning are abided.

For **postgraduate (PG)** education, the relevant NHEQF levels and their corresponding qualifications and credit points are:

- **PG Diploma:** Level 6, 40 credits, 240 credit points
- **1-Year PG (after 4-year UG):** Level 6.5, 40 credits, 260 credit points
- **2-Year PG (after 3-year UG):** Level 6.5, 80 credits, 260 credit points
- **2-Year PG (after 4-year UG):** Level 7, 80 credits, 280 credit points.

CREDIT REQUIREMENT AND ELIGIBILITY FOR THE PG PROGRAMME

- A bachelor's degree with Honours/ Honours with Research with a minimum of 160 credits for a 1-year/2-semester PG programme at level 6.5 on the NHEQF.
- A 3-year/6-semester bachelor's degree with a minimum of 120 credits for a 2-year/4- semester PG programme at level 6.5 on the NHEQF.

CURRICULAR COMPONENTS

In line with national academic flexibility, St Aloysius (Deemed to be University) offers multiple curricular pathways in its 2-year postgraduate programmes for students entering after a 3-year undergraduate degree. Students can choose from the following options in their third and fourth semesters:

1. Course work only in both semesters
2. Course work in the third semester and research in the fourth semester

Research-focused approach in both semesters. The University is in the process of incorporating 1-year postgraduate programmes for students completing a 4-year UG degree with Honours or Honours with Research, in line with NEP guidelines.

EXIT POINT

For those who join 2-year PG programmes, there shall only be one exit point. Students who exit at the end of 1st year shall be awarded a Postgraduate Diploma. The PG programme should include vocational courses relevant to the chosen discipline.

ASSESSMENT STRATEGY

At **St Aloysius (Deemed to be University)**, our assessment approach is inspired by the vision of **NEP 2020**, which emphasizes **formative** and **continuous evaluation** over traditional summative models. The objective is to promote deeper learning, critical thinking, and holistic development in students.

Accordingly, our postgraduate assessment framework incorporates both **formative (ongoing)** and **summative (end-of-term)** components, ensuring a balanced and meaningful evaluation process.

- **Formative Assessment:** Includes quizzes, assignments, presentations, projects, reflective journals, class participation, and other continuous evaluation tools that offer students feedback and opportunities for improvement throughout the semester.
- **Summative Assessment:** Conducted at the end of each course/module through written exams, practicals, dissertations, or major projects to assess the comprehensive understanding of the subject.

All assessment strategies at St Aloysius are **learning outcome-based**, ensuring that evaluation methods directly measure the skills, knowledge, and competencies outlined in the course objectives. This alignment ensures relevance and fairness in assessing student performance.

For reference and further alignment, the University follows the **UGC Guidelines for Innovative Pedagogical Approaches and Evaluation Reforms**, adapting them to our institutional ethos and academic goals.

PLAGIARISM CHECK

At St Aloysius (Deemed to be University), academic integrity and research ethics are fundamental to all scholarly activities. The University has established a robust mechanism to uphold research standards and prevent academic misconduct, particularly plagiarism.

To ensure originality in academic submissions, the University uses DrillBit plagiarism detection software to screen:

- Project Reports
- Project Proposals
- Thesis and Dissertations

All submitted research documents undergo mandatory plagiarism screening through this software, and students are expected to adhere strictly to the University's academic integrity policies. The acceptable similarity threshold and consequences for violations are clearly defined in the University's academic regulations.

Research integrity is embedded into all postgraduate programmes and is reinforced through orientation sessions, faculty mentorship, and continuous awareness about ethical research practices.

COMPUTATION OF SGPA AND CGPA

The UGC recommends the following procedure to compute the Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA):

The SGPA is the ratio of the sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student, i.e.

$$\text{SGPA (Si)} = \sum (C_i \times G_i) / \sum C_i$$

Where C_i is the number of credits of the i th course and G_i is the grade point scored by the student in the i th course.

The Cumulative Grade Point Average (CGPA) is also calculated in the same manner taking into account all the courses undergone by a student over all the semesters of a programme, i.e.

$$\text{CGPA} = \sum (C_i \times S_i) / \sum C_i$$

where S_i is the SGPA of the i th semester and C_i is the total number of credits in that semester.

University Anthem

Comrades, raise a joyful chorus
Loud and glad your hearts outpour
While the love of Alma Mater
Bids our grateful song up-soars
While we pledge to stand united
True to her for evermore

Her's the glorious gifts we've treasured
Love of faith and learning store.
Sword and shield to strike and shelter
Till life's double fight is o'er.
Till from out the deadly combat
We come victors evermore.

Mother like for all her children
Help of Heaven she doth explore
Whether rest they 'neath her mantle
Or fare distant from her door.
Like a kindly spirit watching
Over them evermore.

High up on the hill of idgah,
Stands the home our hearts adore,
Proud above the pride of palm trees,
And the far sea's softened roar,
Hill and deep and palm abiding,
Our examples ever more.

Louder, louder swell the chorus
For the happy days of yore,
For the hopeful toiling present
And the years that lie before,
For the name and fame and honour
Of our mother evermore.

By the God whose greater glory,
Governs still thy life and lore,
By the love thou give'st thy children
And the light that thou dost pour,
Prosper thou, dear Alma Mater,
Aye for ever, evermore.
