ST IGNATIUS OF LOYOLA
(1491 - 1556)
Founder of the Jesuits

St Ignatius of Loyola was a Spanish priest and theologian who founded the Society of Jesus (Jesuits), a Catholic Religious Order in 1540. Born in the Basque region of Spain, he initially pursued a career as a soldier. However, a severe injury during the Battle of Pamplona in 1521 led to his spiritual awakening. While recovering, he read religious texts, including the Life of Christ and stories of saints, inspiring him to dedicate his life to God.

Ignatius underwent a profound spiritual transformation, which culminated in writing the Spiritual Exercises, a guide for prayer and meditation that remains central to Jesuit spirituality. He studied theology in Paris, where he gathered companions who later became the first Jesuits.

Under Ignatius' leadership, the Jesuits played a key role in founding schools, colleges, and universities worldwide. His emphasis was on intellectual rigor, discipline and social justice issues. Canonized in 1622, St Ignatius is celebrated as a visionary who combined deep faith with practical action, leaving a lasting legacy in religious and educational spheres.

ST ALOYSIUS GONZAGA
(1568 - 1591)
Patron of St Aloysius Institutions

This University is named after St Aloysius Gonzaga. Aloysius was a 16th Century Prince, heir to the throne of the Marquisate of Gonzaga in Italy, who had everything he could have desired in life at his disposal. But inspired by a deep spirit of faith and moved by a profound love of humankind, at the age of 18, he renounced his rights and entered the Jesuit Order to be a religious whose wealth would be God alone and whose happiness would be the service of others.

While Aloysius was still into training, there was a plague in Rome. Victims of the plague had no hope of recovery and were abandoned for fear of contagion. The youthful Aloysius, who was then 24, rose to the occasion with his companions and immediately set about caring for the sick and the dying, risking his own life. The risk, however, was too great. Aloysius fell a victim to the disease and died in the midst of his noble work, offering his life as a sacrifice for others.

MESSAGE FROM THE
VICE CHANCELLOR

I am delighted to welcome you to St Aloysius (Deemed to be University).

St Aloysius is part of a global network of educational institutions administered by the members of the Society of Jesus, a religious order that runs schools, colleges, and universities in over 105 countries worldwide. The members of this order, popularly known as Jesuits, have earned a global reputation for their excellence in education.

Established in 1880, St Aloysius prides itself in its rich history of 145 years. The university's motto, 'Lucet et Ardet' which means 'Shine to Enkindle', has inspired countless students to become men and women for and with others, bringing light and joy to the lives of many. Despite its status as a minority institution, the University has always provided high-quality education to all sections of society, irrespective of caste, colour or creed.

With a global vision and an outward-looking attitude, we are deeply committed to inculcating social awareness and fostering social concern among our students. We take immense pride in our alumni, who have transformed themselves into agents of radical social change. Thousands of students who have passed through the portals of this institution have rendered outstanding service to humanity, not just in India but across the world.

MESSAGE FROM THE
VICE CHANCELLOR

The context in which we live today is marked by profound changes, acute conflicts, and new possibilities. The world needs a future built on solidarity with all sections of society and higher education must adapt to meet the evolving needs of our times.
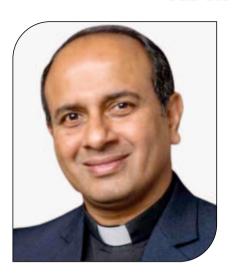

Universities generally focus on teaching students how to think critically, reason analytically, solve problems practically and communicate effectively. However, St Aloysius asks something more of its students by forming them to become men and women of faith, wisdom, and service to their communities. This is the 'Value Addition' of Jesuit higher education.

Within the pages of this prospectus, you will discover a world of possibilities. You will see how St Aloysius offers a vibrant and intellectually stimulating community where you can hone your skills, expand your horizons, explore your potential and contribute to the advancement of knowledge. As you study with us, we will do everything possible to support your learning and growth.
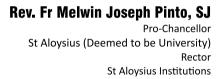

Join us and embark on a transformative journey of education and self-discovery. We invite you to be an integral part of our mission of forming men and women for and with others.

Once again, I thank you for your interest in St Aloysius and wish you the very best in your academic pursuits.

YEAR SAGA OF FORMING
MEN AND WOMEN FOR AND WITH OTHERS

St Aloysius (Deemed to be University) with a glorious and ever-eventful legacy of 145 years of vibrant existence in the coastal belt of Karnataka and Kerala, belongs to an internationally acclaimed network of educational institutions, administered by the members of the Society of Jesus, a Religious Order.

The landmark of St Aloysius, popularly known as 'Light House Hill', serves as a true 'light house' in the field of higher education. Situated atop the hill, it attracts every youth to its beacon of knowledge, guiding them toward academic excellence, personal growth and a brighter future. This hallowed institution bears the legacy of the charismatic, visionary, and saintly Jesuit pioneers, along with those who followed in their footsteps, leaving behind enduring imprints of holiness and intellectual distinction.

The college began with just 146 students in 1880 and has grown to a vibrant community of over 8,000 students today. Its serene and welcoming atmosphere, filled with joy, laughter and the triumphant shouts of exuberant, dynamic students, radiates life, love, vibrancy, and youthful energy. In this holistic environment, students from across India and abroad feel inspired and confident as they pursue their higher education with courage and determination.

St Aloysius is a dynamic reservoir where the young and old meet, the present and future merge, and the ancient and modern blend seamlessly, continuing to embody the motto 'Lucet et Ardet' (Shine to Enkindle).

The Jesuits, renowned for their quality education, have become a touchstone for evolving new paradigms in higher education. St Aloysius is a multidisciplinary, multi-faculty institution offering a wide range of undergraduate, postgraduate and doctoral programmes across various fields, including Business & Management, Information Technology, Commerce, Finance and Accountancy, Life Sciences, Physical Sciences, Arts and Humanities, Languages and Cultural Studies, Vocational Studies, and Education. Additionally, it provides value-added certificate, diploma, and postgraduate Diploma courses.

The University boasts more than 50 co-curricular and extracurricular clubs and associations, offering students opportunities to showcase their skills and talents in diverse areas. Statutory associations such as the NCC, NSS, Red Cross, Heritage Club, and Rovers & Rangers contribute significantly to enriching the graduate outcomes and campus culture.

The Konkani Institute, established in 1980, exemplifies the University's commitment to promoting research in Konkani language, literature, and culture. It also offers Diploma and PG Diploma programmes in Konkani. The State Government sanctioned initiatives such as the Biotechnology Finishing School (BTFS) and Biotechnology Skill Enhancement Programme (BiSEP). Furthermore, the University runs its own NGO, the Centre for Social Concern (CSC), which guides and coordinates activities to foster social awareness among students and staff.

With a student strength exceeding 8,000, St Aloysius is a vibrant microcosm of India, reflecting its rich cultural, linguistic, regional, ethnic and religious diversity.

In addition to academic facilities, the campus offers several non-academic, need-based facilities that enable students and faculty to engage in innovative pedagogical practices, fostering holistic growth and development.

SCHOOL OF ENGINEERING

SCHOOL OF ENGINEERING

The School of Engineering launches with four cutting-edge Bachelor of Technology (B.Tech) programmes, each meticulously designed to meet the demands of the modern global industry. All programs are approved by the All India Council for Technical Education (AICTE), ensuring they meet the highest national standards for technical education. These four-year undergraduate degree programs are structured within the flexible and interdisciplinary framework of the National Education Policy (NEP-2020), offering students a holistic and forward-looking learning experience.

ELIGIBILITY

Candidates seeking admission to any of the four-year B.Tech programmes at the School of Engineering must meet the academic prerequisites outlined by the university and AICTE regulations. The specific criteria are detailed in the table below.

- Pass in 2nd PUC / 12th Grade / Equivalent Examination from a recognized board
- Physics, Mathematics, and English as a language subject..
- Chemistry / Biotechnology / Biology / Electronics / Computer
- A minimum of 45% marks in aggregate in Physics, Mathematics, and the chosen Optional Subject combined.

B.TECH IN COMPUTER SCIENCE AND ENGINEERING

- **Overview:** This foundational program is focused on the core principles of computing, from designing and developing complex software systems to evaluating their performance across diverse applications.
- **Curriculum Highlights:** The curriculum balances core courses such as Data Structures and Algorithms, Operating Systems, Database Management Systems, and Computer Networks with a rich selection of advanced electives. Students can specialize in high-demand areas like Blockchain and Cryptocurrency, Cloud Computing, Game Programming, and Cyber Security, ensuring their skills are aligned with the latest industry trends.
- **Career Pathways:** Graduates are prepared for roles as Software Developers, Systems Analysts, Network Architects, Database Administrators, and Cybersecurity Specialists.

B.TECH IN COMPUTER SCIENCE AND ENGINEERING (ARTIFICIAL INTELLIGENCE & MACHINE LEARNING)

- *Overview:* This specialized program provides a deep dive into the revolutionary fields of AI and ML. The four-year course covers fundamental and advanced concepts, including machine learning algorithms, deep learning architectures, natural language processing (NLP), computer vision, and cognitive robotics.
- *Curriculum Highlights:* The program emphasizes intensive, project-based learning, with students gaining hands-on experience in the university's dedicated AI Research Lab. This practical approach ensures graduates are not just theorists but adept practitioners.
- *Career Pathways:* This specialization opens doors to highly sought-after roles like AI/ML Engineer, Data Scientist, NLP Specialist, and Robotics Engineer in rapidly growing sectors such as healthcare, fintech, e-commerce, and autonomous systems.

PROGRAMME STRUCTURE

SEMESTER I

- 25ENUBC100   Linear Algebra and calculus
- 25ENUBC101   Engineering Physics
- 25ENUEC107   Fundamentals of Electronics
- 25ENUEC108   Problem solving through C Programming
- 25ENUEC109   Fundamentals of Artificial Intelligence
- 25ENUHM114   Universal Human Values
- 25ENUHM115   Biology for Engineers
- 25ENUMC117   Constitution of India and Cyber law
- 25ENUBP101   Engineering Physics Lab
- 25ENUBP100   Mathematics with SCILAB

SEMESTER II

- 25ENUBC150   Discrete Mathematics and Laplace Transforms
- 25ENUBC151   Engineering Chemistry
- 25ENUEC157   Fundamentals of Digital Electronics
- 25ENUEC158   Problem solving using Python
- 25ENUEC159   Fundamentals of Embedded Systems
- 25ENUHM164   Innovation & Design Thinking
- 25ENUMC167   Environmental Studies
- 25ENUHM165   Technical English
- 25ENUBP151   Engineering Chemistry Lab
- 25ENUEP157   Web Technology Lab

SEMESTER III

- 256MUBC200   Applied Linear Algebra
- 256MUIC219   Fundamentals of Data Structures
- 256MUIC220   Object Oriented Programming with Java
- 256MUPC223   Operating System & Computer Organization
- 256MUPC224   Algorithm Design and Optimization
- 256MUHM214   AI for Business
- 256MUHM215   Business Etiquettes
- 256MUPP223   Project Management with Git

SEMESTER IV

- 256MUBC250   Statistical Distribution
- 256MUIC269   Advanced Python Programming
- 256MUIC270   Decision Making using AI
- 256MUPC273   Database Management System
- 256MUPC274   Fundamentals of Artificial Neural Networks
- 256MUHM264   Research Methodology and IPR
- 256MUPE277*   Program specific AEC – I

- 256MUHM265   Problem Solving and Leadership
- 256MUPP273   Database Management System Lab

SEMESTER V
- 256MUIC319   Object Oriented Software Engineering
- 256MUIC320   Deep Learning
- 256MUPC323   Computer Networks
- 256MUPC324   Fundamentals of Natural Language Processing
- 256MUPC325   Generative AI and Large Language Models
- 256MUHM314   Operations Research and Project Management
- 256MUPE327*   Professional Elective – I
- 256MUPP325   Gen AI Lab
- 256MUUC330   Internship

SEMESTER VI
- 256MUIC369   Data Engineering and Visualization
- 256MUIC370   AI in Telemedicine and Healthcare
- 256MUPC373   Reinforcement Learning
- 256MUPC374   Fundamentals of Cyber security
- 256MUPE377*   Professional Elective – II
- 256MUOE383*   Open Elective – I
- 256MUPE378*   Program specific AEC -II
- 256MUUC380   Major Project- Phase – I

SEMESTER VII
- 256MUPC423   Big Data Analytics with MapReduce and Hadoop
- 256MUPC424   Human Centerd AI
- 256MUPC425   AI Agents
- 256MUHM414   Technological Innovation and Entrepreneurship
- 256MUPE427*   Professional Elective – III
- 256MUOE433*   Open Elective – II
- 256MUUC430   Major Project- Phase – II

SEMESTER VIII
- 256NUUC480   Internship (On-site/ Research)
- 256NUUC481   Major Project- Phase - III (Report/ Publication/ Events)
- 256NUOE483   MOOC Courses

B.TECH IN INFORMATION SCIENCE AND ENGINEERING

- *Overview:* This program is tailored for students interested in the application of computing to manage and process large-scale information. It offers foundational and advanced knowledge in areas such as software architecture, data science, the Internet of Things (IoT), DevOps, and agile software development methodologies.
- *Curriculum Highlights:* The curriculum focuses on the practical aspects of building robust, scalable, and secure information systems, preparing students to lead software projects and manage complex data pipelines.
- *Career Pathways:* Graduates are well-suited for roles such as Information Systems Manager, DevOps Engineer, Full-Stack Developer, Data Analyst, and Cloud Solutions Architect.

SCHOOL
OF LIFE SCIENCES

The School of Life Sciences offers comprehensive programmes designed to explore the vast complexities of the natural world and human health. From foundational undergraduate courses to advanced postgraduate studies, the school prepares students for careers in research, healthcare, and biotechnology, combining theoretical knowledge with practical applications in life sciences.

B.Sc. - Chemistry, Botany, Zoology
B.Sc. - Microbiology, Botony, Zoology
B.Sc. - Microbiology, Chemistry, Food Science
B.Sc. - Microbiology, Chemistry, Zoology
B.Sc. - Biochemistry, Psychology, Zoology
B.Sc. - Biochemistry, Botany, Food Science
B.Sc. - Biotechnology, Botany, Chemistry,
B.Sc. - Biotechnology, Botany, Zoology
B.Sc. - Biotechnology, Food Science, Zoology

B.Sc (Honours) Biotechnology
B.Sc (Honours) Food Science

M.Sc. (Biotechnology)
M.Sc. (Biochemistry)
M.Sc. (Food Science and Technology)
M.Sc. (Food Science, Nutrition & Dietetics)

BOTANY

A comprehensive study of plant biology, focusing on plant structure, physiology, ecology, and genetics, preparing students for careers in research, agriculture and environmental science.

PROGRAMME STRUCTURE

SEMESTER - I
- LS2AUDC100   Microbial Diversity and Technology
- LS2AUDP100   Microbial Diversity and Technology - Practical

SEMESTER - II
- LS2AUDC150   Diversity of non-flowering plants
- LS2AUDP150   Diversity of non-flowering plants -Practical
- LS2AUOE168   Plants for Human Welfare

SEMESTER - III
- LS2AUDC200   Plant Anatomy and Developmental Biology
- LS2AUDP200   Plant Anatomy and Developmental Biology - Practical
- LS2AUOE218   Medicinal and Aromatic Plants

SEMESTER - IV
- LS2AUDC250   Ecology and Conservation Biology
- LS2AUDP250   Ecology and Conservation Biology -Practical
- LS2AUOE268   Plant Propagation, Nursery and Gardening

SEMESTER – V
- LS2AUDC300   Plant Taxonomy and Resource Botany
- LS2AUDP300   Plant Taxonomy and Resource Botany -Practical
- LS2AUDC301   Genetics and Plant Breeding
- LS2AUDP301   Genetics and Plant Breeding -Practical

- LS2AUDC350   Plant Physiology and Biochemistry
- LS2AUDP350   Plant Physiology and Biochemistry -Practical
- LS2AUDC351   Plant Biotechnology
- LS2AUDP351   Plant Biotechnology -Practical

ZOOLOGY

A focused study of animal biology, including animal behaviour, physiology, genetics and ecology, preparing students for careers in wildlife conservation, research and animal-related industries.

PROGRAMME STRUCTURE

SEMESTER - I
- LS2BUDC101   Cytology, Genetics and Infectious Diseases
- LS2BUDP101   Cytology, Genetics and Infectious Diseases -Lab

SEMESTER - II
- LS2BUDC151   Biochemistry and Physiology
- LS2BUDP151   Biochemistry and Physiology -Lab
- LS2BUOE168   Parasitology

SEMESTER - III
- LS2BUDC201   Molecular Biology, Bioinstrumentation and Techniques in Biology
- LS2BUDP201   Molecular Biology, Bioinstrumentation and Techniques in Biology - Lab
- LS2BUOE 218   Endocrinology

SEMESTER - IV
- LS2BUDC251   Gene Technology, Immunology and Computational Biology
- LS2BUDP251   Gene Technology, Immunology and Computational Biology – Lab
- LS2BUOE268   Animal Behaviour

SEMESTER – V
- LS2BUDC302   Non-Chordates and Economic Zoology
- LS2BUDP302   Non-Chordates and Economic Zoology-Lab
- LS2BUDC303   Diversity of Chordates and Comparative Anatomy
- LS2BUDP303   Diversity of Chordates and Comparative Anatomy-Lab

- LS2BUDP352   Evolutionary and Developmental Biology-Lab
- LS2BUDC353   Environmental Biology, Wildlife Management And Conservation
- LS2BUDP353   Environmental Biology, Wildlife Management And Conservation Lab

MICROBIOLOGY

A programme focused on the study of microorganisms, including bacteria, viruses, fungi and algae, with applications in healthcare, environmental science and biotechnology, preparing students for careers in research, diagnostics and industrial microbiology.

PROGRAMME STRUCTURE

SEMESTER - I
- LS2DUDC103   General Microbiology
- LS2DUDP103   Practical in General Microbiology

SEMESTER - II
- LS2DUDC153   Microbial Biochemistry and Physiology
- LS2DUDP153   Practical in Microbial Biochemistry and Physiology
- LS2DUOE168   Environmental and Sanitary Microbiology

SEMESTER - III
- LS2DUDC203   Microbial Diversity
- LS2DUDP203   Practical in Microbial Diversity
- LS2DUOE218   Bacteriology

SEMESTER - IV
- LS2DUDC253   Microbial Enzymology and Metabolism
- LS2DUDP253   Practical in Microbial Enzymology and Metabolism
- LS2DUOE268   Virology

SEMESTER – V
- LS2DUDC306   Molecular Biology
- LS2DUDP306   Practical in Molecular Biology
- LS2DUDC307   Food Microbiology
- LS2DUDP307   Practical in Food Microbiology

SEMESTER – VI
- LS2DUDC356   Immunology and Medical Microbiology
- LS2DUDP356   Practical in Immunology and Medical Microbiology
- LS2DUDC357   Industrial Microbiology
- LS2DUDP357   Practical in Industrial Microbiology

FOOD SCIENCE

A programme that delves into the science of food production, preservation, safety and nutrition, preparing students for careers in food quality control, food technology and the food industry.

PROGRAMME STRUCTURE
SEMESTER - I
- LS2FUDC105   Fundamentals of Food Science & Nutrition
- LS2FUDP105   Food Science-I Practical- Lab

SEMESTER - II
- LS2FUDC155   Food Processing and Preservation
- LS2FUDP155   Food Science-II Practical-Lab
- LS2FUOE168   Food Safety

SEMESTER - III
- LS2FUDC205   Basics of food safety and quality control
- LS2FUDP205   Basics of food safety and quality control
- LS2FUOE218   Food and Nutrition

SEMESTER - IV
- LS2FUDC255   Fundamentals of food chemistry and microbiology
- LS2FUDP255   Fundamentals of food chemistry and microbiology
- LS2FUOE268   Baking Technology

SEMESTER – V
- LS2FUDC310   Introduction To Dairy & Fermentation Technology

- LS2FUDP310   Introduction To Dairy & Fermentation Technology
- LS2FUDC311   Spices And Plantation Crop Technology
- LS2FUDP311   Spices And Plantation Crop Technology

SEMESTER – VI
- LS2FUDC360   Introduction To Meat, Fish And Poultry Processing
- LS2FUDP360   Introduction To Meat,Fish And Poultry Processing
- LS2FUDC361   Waste Management in Food Industry
- LS2FUDP361   Waste Management in Food Industry

BIOCHEMISTRY

A programme that explores the chemical processes within living organisms, focusing on topics like molecular biology, enzymology, and metabolism, preparing students for careers in healthcare, research and biotechnology.

PROGRAMME STRUCTURE

SEMESTER - I
- LS2EUDC104   Fundamentals of Biochemistry -I
- LS2EUDP104   Practicals In Fundamentals of Biochemistry-I

SEMESTER - II
- LS2EUDC154   Fundamentals of Biochemistry -II
- LS2EUDP154   Practicals in Fundamentals of Biochemistry -II
- LS2EUOE168   Proteins and Enzymes

SEMESTER - III
- LS2EUDC204   Human Physiology and Nutrition
- LS2EUDP204   Practicals in Human Physiology and Nutrition
- LS2EUOE218   Biochemical Techniques

SEMESTER - IV
- LS2EUDC254   Enzymology
- LS2EUDP254   Bio Quantitation and Enzymology
- LS2EUOE268   Biochemistry of Cell

SEMESTER – V
- LS2EUDC308   Metabolism
- LS2EUDP308   Practicals in Metabolism
- LS2EUDC309   Molecular Biology and Genetic Engineering
- LS2EUDP309   Practicals in Molecular Biology and Genetic Engineering

SEMESTER – VI
- LS2EUDC358   Cellular and Clinical Biochemistry
- LS2EUDP358   Practicals in Cellular and Clinical Biochemistry
- LS2EUDC359   Microbiology and Immunology
- LS2EUDP359   Practicals in Microbiology and Immunology

BIOTECHNOLOGY

An interdisciplinary programme combining biology, chemistry and technology, focusing on genetic engineering, molecular biology and biotechnology applications in industries like healthcare, agriculture and environmental science.

PROGRAMME STRUCTURE

SEMESTER - I
- LS2CUDC102   Cell Biology and Genetics
- LS2CUDP102   Practical in Cell Biology and Genetics

SEMESTER - II
- LS2CUDC152   Microbiological methods and techniques
- LS2CUDP152   Practical in Microbiological methods and techniques.
- LS2CUOE168   Applications of Biotechnology in agriculture

SEMESTER - III
- LS2CUDC202   Biochemistry and Bioanalytical Techniques
- LS2CUDP202   Practical in Biochemistry and Bioanalytical Techniques
- LS2CUOE218   Nutrition and Health

SEMESTER - IV
- LS2CUDC252   Molecular Biology
- LS2CUDP252   Practical in Molecular Biology
- LS2CUOE268   Intellectual Property Rights

SEMESTER – V
- LS2CUDC304   Genetic Engineering
- LS2CUDP304   Practical in Genetic Engineering
- LS2CUDC305   Plant and Animal Biotechnology
- LS2CUDP305   Practical in Plant and Animal Biotechnology

SEMESTER – VI
- LS2CUDC354   Immunology
- LS2CUDP354   Practical in Immunology
- LS2CUDC355   Bioprocess and Environmental Biotechnology
- LS2CUDP355   Practical in Bioprocess and Environmental Biotechnology

ELIGIBILITY

- A candidate who has passed the two years +2 level (Karnataka PUC / ISC / CBSE / State Boards/IB) from any recognised Boards in India
- Additional Conditions of Eligibility for specific combinations:
  o A candidate opting Physics/Chemistry in the B.Sc. degree programme shall have studied Mathematics in addition to Physics/Chemistry at the qualifying examination.
  o A candidate opting Botany, Zoology or Pharmacognocy in the B.Sc. degree programme shall have studied Chemistry and Botany or Zoology or Biology at the qualifying examination.
  o A candidate may be permitted to take Statistics for the B.Sc. degree programme even though the student has not studied that subject but studied Mathematics at the qualifying examination.
  o A candidate opting Microbiology should have studied Physics, Chemistry and Biology at the qualifying examinations.

PSYCHOLOGY

A programme that integrates scientific principles with the study of human behaviour, emotions and cognition, preparing students for careers in clinical psychology, research, neuroscience and mental health services.

PROGRAMME STRUCTURE

- PS1CUDC354   Discrete Mathematics and Linear Algebra
- PS1CUDP354   Discrete Mathematics and Linear Algebra Practical
- PS1CUDC355   Numerical Analysis
- PS1CUDP355   Numerical Analysis Practical

PHYSICS

A programme exploring the fundamental principles of physics, including mechanics, electromagnetism, and quantum physics, preparing students for research, engineering and technology careers.

PROGRAMME STRUCTURE

SEMESTER - I
- PS1AUDC100   Mechanics and Properties of Matter
- PS1AUDP100   Mechanics and Properties of Matter-Lab

SEMESTER - II
- PS1AUDC150   Electricity and Magnetism
- PS1AUDP150   Electricity and Magnetism-Lab
- PS1AUOE168   Electrical Circuits and Wiring

SEMESTER - III

SEMESTER - III
- PS1EUDC204   Analog circuits, principles of radio communication and digital circuits
- PS1EUDP204   Practicals - III
- PS1EUOE218   Fundamentals of Digital Electronics

SEMESTER - IV
- PS1EUDC254   Electronic Communications, Microprocessors and Digital Design using Verilog
- PS1EUDP254   Practicals - IV
- PS1EUOE268   Elements of Electronic Communication systems

SEMESTER – V
- PS1EUDC308   Electronic Communication Systems
- PS1EUDP308   Practicals -VA
- PS1EUDC309   Embedded Systems
- PS1EUDP309 Practicals – V B

SEMESTER – VI
- PS1EUDC358   Transducers, Sensor networks , principles of IOT and 5G communications
- PS1EUDP358   Practicals – VI A
- PS1EUDC359   C Language & Signals and Systems
- PS1EUDP359   Practicals – VI B

STATISTICS

A programme that emphasizes statistical theory and data analysis techniques, preparing students for careers in data science, research and analytics.

PROGRAMME STRUCTURE
SEMESTER - I
- PS1DUDC103 Descriptive Statistics
- PS1DUDP103 Descriptive Statistics Practical

SEMESTER - II
- PS1DUDC153 Probability and Discrete Distributions

- PS1DUDP356   Sampling Theory and Statistics for National Development Practical
- PS1DUDC357   Operation Research
- PS1DUDP357   Operation Research Practical

ELIGIBILITY

- A candidate who has passed the two years +2 level (Karnataka PUC / ISC / CBSE / State Boards/IB) from any recognised Boards in India
- Additional Condition of Eligibility for specific combinations:
  - A candidate may be permitted to take Statistics for the B.Sc. degree programme even though s/he has not studied that subject but studied Mathematics at the qualifying examination.

B.SC. ECONOMICS

A programme that combines economic theory with quantitative and analytical skills, focusing on data-driven insights to address economic challenges, preparing students for careers in finance, analytics, policymaking, and research.

PROGRAMME STRUCTURE
SEMESTER - I
- AH4CUDC104   Micro Economics
- AH4CUDP104   Data Analysis Techniques Using Excel

INTERNATIONAL COLLABORATIONS

The International Collaboration Cell is dedicated to fostering global partnerships and enhancing the international presence of our institution. The cell actively collaborates with prestigious Universities and Organizations worldwide, promoting academic exchange, research collaborations, and cultural understanding. We offers diverse programmes such as student and faculty mobility, joint research initiatives, international internships and global conferences, all aimed at enriching the educational experience and broadening the horizons for our community. By building strong international networks are prepared our students to thrive in a globalized world, equipping them with the knowledge, skills, and perspectives necessary for success in their future endeavours.

St Aloysius (DTU) has drawn over 40 MOUs with international Universities from US, Germany, Japan, Spain, UK and other countries and engaged in active collaboration with many Universities. In a landmark event, a delegation comprising 40 delegates from 17 U.S. universities visited St Aloysius for a trade mission on 14 February 2024. St Aloysius is actively engaging with the top management of 9 Universities of Pennsylvania for potential collaboration opportunities. The university has forged a strategic partnership with Olivet University, USA, for the MBA 500 programme.

LIBRARY

St Aloysius Library is one of the oldest libraries in coastal Karnataka. The purpose of the library is to update their knowledge and provide the right information to the right user at the right time using cutting–edge technology and a personal approach.

The main library, the PG library and AIMIT libraries provide access to the N–LIST, DELNET, PROQUEST, CMIE, PROWESS, IEEE CSDL, J–GATE databases, as well as the Turnitin and Drillbit plagiarism detection software. The libraries have an inter–library loan service and a reprography facility.

These libraries are fully automated with Radio Frequency Identification (RFID) technology and integrated with Koha Library Management Software. The latest technology is used in the libraries for theft prevention and automated circulation systems.

The web–based online public access catalogue is available online around the clock. The libraries have a wealth of knowledge resources including more than 1,60,000 books and subscribe to more than 200 periodicals. The libraries follow open acces system. The digital library service through DSpace which is the institutional repository enables access to digital library collections remote locations. A piece of detailed information about the library services could be accessed through the library website
https://library.staloysius.edu.in/

LABORATORIES

There are **50** laboratories, at St Aloysius, both at the undergraduate and postgraduate levels which cater to the needs of basic sciences, information technology, Psychology, Commerce, Management, and Languages.

The college has been ranked as one of the top colleges in science education. Each science department has a well–equipped laboratory. Each of these laboratories offers research facilities for the staff and students.

KONKANI INSTITUTE

The Konkani Institute of St Aloysius stands as a landmark for the Konkani–speaking community in Mangalore to preserve, develop and promote the Konkani language. Among its first major accomplishments was the establishment of a dedicated library, now containing over eight thousand volumes and the launch of the bi–annual research journal "Amar Konkani, which continues to be an essential resource for the Konkani literary community.

COMMUNITY RADIO 107.8

Radio Sarang 107.8, inaugurated by Sri Hamsaraj Bharadhwaj, the Hon'ble Governor of Karnataka in 2009, is the first FM Radio channel in coastal Karnataka, a campus–based community radio, which has been an innovative communication tool for education, information and social empowerment ensured to the immediate

neighbours of Aloysius. It also reaches out to thousands of rural, poor, and unschooled people of the coastal districts of Udupi, Dakshina Kannada, and Kasargod for 16 hours a day in four different local languages–Kannada, Tulu, Konkani and Beary through several programmes promoting and spreading awareness on local culture, language, health and hygiene, economic and social aspects of life.

Today it stands tall as a voice of the people of Mangaluru. Unlike other Community Radios in India, Radio Sarang has to cater to multi linguistic, multi– cultural, and multi–religious groups like, Christians, Hindus, Muslims, Kannadigas, Tuluvas, Bearis, Konkani's, Konkanas/Malayalis. It promotes awareness of human rights, legal awareness, constitutional education, and Job opportunities for SC/STs, minorities, the differently–abled and other marginalized groups.

The Community Radio Sarang 107.8 FM is the recipient of a National Award for its creative programme 'ANTARABELAKU' from the Ministry of Information and Broadcasting, Govt. of India – 2019.

AUDITORIUM

The University has 9 auditoriums with varied seating capacities. They are vibrant centres for cultural, academic and social activities. They are equipped with state−of−the−art audio−visual systems, ensuring a seamless experience for events ranging from guest lectures and seminars to cultural performances and award ceremonies.

CIVIL SERVICE

St Aloysius Institute of Civil Services was established to promote Civil Service aspirants. It was the outcome of an astute realization of the need for a full – fledged coaching establishment in the region. The Institute aims to offer a comprehensive package to Civil Service aspirants and prepare them with a competitive edge for the Preliminary, Main and Interview rounds of the Civil Services Examination.

St Aloysius Institute of Civil Services offers a full – time course for those who have completed graduation, post graduation, or an equivalent degree from a university along with weekend courses for undergraduates. Annual Orientation Programmes are conducted for the students of high school and higher secondary/ PUC on career options. The Institute wishes to bridge this gap by offering an affordable coaching facility within easy reach of the candidates. The institute has been running successfully over the years with state – of – the – art facilities and training by serving officers. The Institute has signed an MOU with INSIGHTS IAS, Bengaluru to provide holistic academic support to the civil services aspirants.

E-CELL

The Entrepreneurship & Consultancy Cell (E – Cell) is dedicated to fostering an entrepreneurial spirit among students, guiding them from the inception of ideas to the commercialization of their ventures. With a strong focus on innovation and practical experience, the E – Cell serves as a dynamic hub where students can transform their business ideas into viable startup solutions. The university already has a successful start – up called Waahmos dedicated to educating and employing students, teaching real – life business skills on campus and has planned several more startups to be launched in the coming years.

The E – Cell connects students with industry experts, incubation centres, and networking opportunities to succeed in the competitive business landscape. The E – Cell collaborates with local incubation centres and has LinkedIn profile creation and online certificate courses, such as "Own Business" from Santa Clara University, to further empower students in their entrepreneurial journeys.

CHAPEL

St Aloysius Chapel built in 1885 by Rev. Fr. Joseph Willy, stands as a remarkable artistic and spiritual landmark in Mangaluru, India. Often referred to as a replica of the world-famous Sistine Chapel in Rome, the chapel is adorned with exquisite artwork by Italian Jesuit Brother Antonio Moscheni SJ.

Brother Moscheni SJ, a master painter trained at the prestigious Accademia Carrara in Bergamo, Italy, brought his artistic brilliance to the chapel in 1899. His works, influenced by his study of Vatican art, include vibrant frescoes on the walls and canvas paintings on the ceiling. These paintings, rich in detail and symbolism, not only showcase artistic mastery but also serve as an aid for prayer and meditation, creating a spiritual ambience.
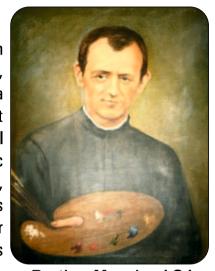

The chapel remains a serene place of worship, inviting visitors to experience its artistic beauty in a setting of prayerful silence. Each painting tells a story, drawing the viewer into deeper reflection and connection with the divine.

MUSEUM

Aloyseum, the College Museum, is a fascinating institution with a rich history that dates back to 1913. It was initiated by an Italian Jesuit priest, Fr. Chiappi SJ, who donated around 2,000 different types of minerals, a herbarium and a collection of Roman coins. This museum is a small yet remarkable treasure trove that captures the historical and cultural essence of Mangalore City. Aloyseum boasts of a diverse and eclectic collection, including mounted skeletons of wild animals like tigers, panthers, antelopes, and wild boars, along with animal bones, skins, skulls and a clutch of ostrich eggs. The museum also houses the first generator ever used in the city of Mangalore, as well as a vast collection of vessels and utensils that were used by the local population in the past.

HOSTELS AT ALOYSIUS CAMPUS

The college provides dedicated hostels for both male and female students across its various campuses. The St Aloysius Gents Hostel accommodates 600 students from diverse states and countries. This 'Home beyond Boundaries' embodies a commitment to fostering a rich, inclusive community where students from various cultures, languages, and backgrounds can live and grow together. The main Campus Hostels are divided into hostels for undergraduate and postgraduate students.

MANAGEMENT

- Both the ladies' and gents' hostels are overseen by directors.

- Ladies' hostels are specifically managed by the Sisters of Charity, with a warden from the sisters' ranks leading their administration.

Reservation Policy: To support students from disadvantaged backgrounds, 50% of the hostel seats are reserved for those from socially and economically weaker sections.

Future Plans: In addition to the existing on-campus hostels, the college is planning to establish off-campus hostels. These will be managed in collaboration with private operators to meet immediate residential needs.

HOSTELS AT AIMIT CAMPUS

St Aloysius AIMIT offers comprehensive hostel facilities tailored to support students in their academic and personal development. The campus features three well-maintained hostels:

- Mother Teresa Hostel (for girls)
- Loyola Hostel (for boys)
- Gonzaga Hostel

The hostels are equipped with all essential amenities, including spacious rooms, dedicated study areas, recreational facilities and dining services. These amenities ensure that students have everything they need to maintain a balanced lifestyle while focusing on their studies.

Each hostel is supervised by wardens and support staff who are readily available to assist students with any concerns or issues they may encounter. The presence of strict security measures ensures the safety and well-being of all residents, creating a secure environment where students can thrive academically and personally.

Attraction/.Facilities: Well Furnished Rooms, Veg & Non-Veg Mess Halls, Power Backup, Mentoring & Counselling, Eco-friendly Campus, Recreation & Games, Prayer Hall, Library, Solar Hot Water, CCTV Surveillance, Playgrounds – outdoor & indoor, gyms and swimming pool

BANKS

St Aloysius is proud to host an extension branch of the South Indian Bank right on its campus and Union Bank of India at AIMIT providing students with convenient access to a variety of essential financial services. This facility is designed to support the financial needs of our diverse student body, ensuring that managing finances is as seamless as possible. The Banks offer a range of services tailored specifically for students, whether its remittances to and from family members, applying for student loans, or enrolling in student savings schemes. This accessibility not only alleviates financial stress but also fosters a sense of security among students, allowing them to focus on their academic pursuits. The bank features an ATM machine conveniently located on campus. This ensures that students can easily access cash whenever needed. It is beneficial for those who may need to withdraw funds for daily expenses or emergencies without having to travel off-campus.

SPORTS FACILITIES

The outdoor playground features dedicated courts for volleyball, throwball, basketball, football, softball, cricket and athletics. The university offers state-of-the-art indoor courts for badminton, table tennis, chess and carrom.

The gymnasium is equipped with modern fitness equipment to enhance physical conditioning and well-being. The Aloysius Swimming Pool of Olympic standards is the first of its kind in the region. It is dedicated to the city as it is able to host major events that require national or international level facilities. It has state-of-the-art features such as an ozone purification plant, gallery, changing room, and parking area. This eight-lane swimming pool is 50 metres long and 25 metres wide and the complex is also equipped with a kids' pool and other necessary infrastructure. The pool has all the facilities to host National and International swimming events.

STATIONERY STORE

St Aloysius Institution has two co-operative stationery stores, conveniently located in the Admin Block and the Arrupe Block. Managed by Student Council members under the supervision of the Vice-Chancellor and a designated staff in-charge, the co-operative stores embody a spirit of student involvement and responsibility. Importantly, the profits generated from these stores are reinvested into initiatives aimed at promoting the welfare of the student community, reflecting the institution's commitment to holistic development and support for its learners.

EATERIES

St Aloysius ensures that staff and students have access to hygienic and affordable food and beverages by outsourcing its canteen operations to reputable caterers. These caterers have extensive experience managing canteens in colleges and universities across the region. The canteen kitchen is equipped with state-of-the-art machinery to ensure the preparation of food in a clean and efficient manner. Caterers adhere to stringent hygiene standards, providing a variety of meals and snacks that cater to diverse tastes.

The canteen operates from 7:30 a.m. to 6:00 p.m., offering convenience throughout the day. Additionally, there are cafés on campus serving a range of beverages, including coffee, tea, and smoothies, as well as an assortment of snacks, pastries, and sandwiches, making them vibrant spots for relaxation and refreshment.

AL-VANA

We are conscious and committed to the environmental issues regarding the protection, conservation and sustenance of natural resources. Al–Vana is an endeavour to realise such a lofty objective. Al-vana – an Arboretum – with an expanse of about 1.5 acres is maintained as a mini biodiversity spot on the campus with its natural flora and fauna. About 150 plants of 70 different species are maintained in this Arboretum. Among these, 3 species belong to the RET category. The floristic components with a good canopy and topography are favourable for the enrichment of the species. The entire campus is involved in the Go Green Project. Organic waste is managed efficiently through a Vermi–technology programme. Efforts are made to control carbon dioxide by maintaining a clean, green pollution–free campus. Al–Vana serves as a focus for reforestation and soil conservation efforts in the area.
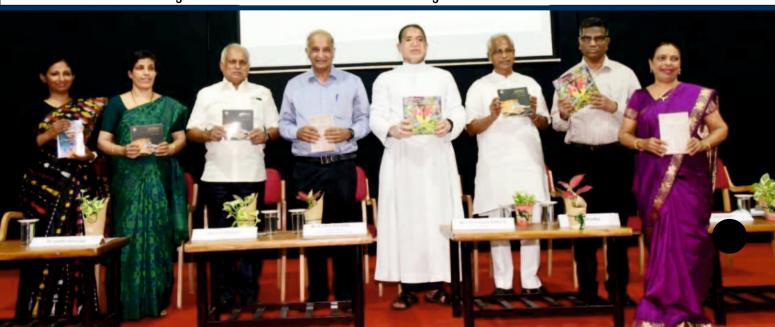

MOTHER TERESA PEACE PARK

Mother Teresa Peace Park has an avenue with 100 trees created by tissue culture at Dr Kupper's biotechnology lab, St Aloysius. Under the shade of plenty of trees, close to the open – air theatre on the Main Campus of the University, the students exhibit their talents in the cultural as well as the academic fields and are actively engaged in participating in various competitions and talent shows after the regular class in this space.

ST ALOYSIUS PRAKASHANA

The publication unit of St Aloysius publishes works related to literature, academics, recreational and research. The Centre is envisaged to publish both articles, the creative endeavours of the staff and students and the research and literary works of individuals from the general public. Scholarly articles, biographies, textbooks apart from novels, anthologies of literary works and works of research on the coastal region are given preference. The Publication Centre is open to original works in any language that inform and offer insights into the issues and concerns of the region.

RANGA ADHYAYANA

St Aloysius Ranga Adhyayana Kendra (Centre for Theatre Studies) was established to provide a platform for students to exhibit their talents thereby inculcating social responsibility and social awareness among the students as well as encouraging the art ingrained in them. It is possible to create social awareness through performing arts.

STUDENT ACTIVITIES

Student activities at a university play a crucial role in enhancing the overall educational experience by providing opportunities for personal growth, skill development and community engagement. The University boasts a rich array of co−curricular and extra−curricular activities managed through 35 co-curricular, 22 extra−curricular and Statutory Associations at both UG and PG levels.

SAHAAYA

To foster a sense of social responsibility among students, St Aloysius has introduced an innovative awareness program called SAHAAYA for undergraduate students. This programme aligns with the universities mission of 'preparing men and women for and with others' and embodies the essence of Jesuit education. The SAHAAYA programme follows a pedagogical approach of Context-Experience-Reflection-Action-Evaluation, which is central to Jesuit teaching methodology.

SAHAAYA activities are executed through the EC/CC Associations and are organized into four distinct Service Groups:

Centre For Social Concern (CSC):

For the past eight years, the Centre for Social Concern (CSC) has been dedicated to working with and for marginalized communities. It aims to address various community needs and foster social awareness among students and staff. The CSC organizes various activities and programmes involving students and staff in meaningful community service.

Centre For Environmental Concern (CEC):

The Centre for Environmental Concern (CEC) is dedicated to promoting environmental awareness and fostering sustainable practices within the community. Through a variety of clubs, activities, and initiatives, the CEC addresses critical ecological issues and encourages a culture of environmental responsibility. By engaging students, staff and the wider community, the CEC works to create meaningful impact, inspiring actions that contribute to the preservation of the environment for future generations.

The Centre for Interreligious and Intercultural Dialogue (CIID) :

The Centre for Interreligious and Intercultural Dialogue fosters understanding, respect, and collaboration among diverse religious and cultural communities. Through innovative programs, research, and events, the Centre promotes peace, harmony and global citizenship, preparing students to engage thoughtfully in a pluralistic world.

The Centre for Peace and Reconciliation (CPR) :

The Centre for Peace and Reconciliation seeks to foster harmony and collaboration in a world increasingly marked by division. It is composed of three major religions (Christianity, Islam, and Hinduism) reflecting its commitment to inclusivity and interfaith dialogue. It serves as a platform for dialogue, mutual respect and collaboration. By combining the efforts of its diverse participants, it seeks to instill the values of peace-building and foster a culture of harmony within and beyond the university.

UNIVERSITY CHAIRS

To foster a holistic and dynamic learning environment that nurtures the academic and personal growth of our students and to ensure the effective and smooth functioning of our university, St Aloysius has instituted various specialized chairs, each dedicated to supporting the Vice-Chancellor in overseeing critical areas of university life.

- CHAIR OF STUDENT ENGAGEMENTS (EXTERNAL)

    - d) **SII ID** for NRI/Foreign students

2. FILL OUT THE APPLICATION

- The application consists of three sections: **Personal details, Family details,** and **Academic details.**
- Ensure that the name, date of birth and registered mobile number match the details in the **SSLC/Class 10th marks card** and **Aadhar card** to avoid discrepancies during verification.

3.UPLOAD DOCUMENTS:

- Upload the copies of the **aadhar card,** SSLC/Class 10th, 1 PU/Class 11th final exam and II PU/Class 12th mid-term mark sheets and a copy of your recent formal **passport size photograph.** (Selfies are not permitted.)

4.APPLICATION SUBMISSION:

- You may save and edit the application at any time before final submission.
- Ensure that all details entered in the application form are accurate and complete, as any errors may lead to disqualification.
- Pay the application fee of ₹500 and submit the form

Stage 2: Post Submission of online Application:

Once the application is submitted, applicants will receive a notification via SMS/email with the schedule for their **SAU-ET (St. Aloysius University Entrance Test).**

1. INTIMATION:

- The **SAU-ET** will be conducted **online** for **one hour** and will consist of **50 multiple-choice questions (MCQs).**
- The **SAU-ET** will consist of an objective type question paper, including General Knowledge and Aptitude-based questions covering topics previously studied by the students and relevant to the course.
- Instructions, login details, and the scheduled date and time for the **SAU-ET** will be shared via **email/SMS two days before the test.**
- NRI and foreign students must attend the **SAU-ET as per the given schedule.**
- The **SAU-ET** is scheduled to **commence on February 14th.**
- Applicants are required to log in 10 minutes before the **SAU-ET** to complete the identification verification process and keep their adhaar card ready.

2. INTERVIEW:

- Following the **SAU-ET**, applicants will undergo an interview/interaction with the admission committee.
- Selected candidates will be notified of their interview date and time via SMS or email two days before the scheduled interview. Please be punctual, as rescheduling will be challenging due to the high volume of candidates already scheduled.
- **On the day of interview please bring the following documents :**
  a) A signed copy of the online application (duly signed by both the parent and student).
  b) Photocopies of all uploaded mark sheets.
  c) Photocopies of the Aadhar and APAAR card.
- NRI and foreign students must attend online **interview** as per the given schedule. Please ensure a stable internet connection and upload all required documents digitally in advance.
- Registering through the *Study in India* portal to generate a unique **SII ID** is recommended for all the NRI and foreign students.

3. Provisional Admission:

- Admissions will be based on previous **academic performance, SAU-ET** and **interview** results.

4. Fees and Payments Details:

- The fee structure for various programmes is available on the website under **Fee structure.**
- Successful candidates must pay the required fees to secure their seats.
- Pay the course fee within **three days of the interview.** Payment can be made online (link will be sent) or at the office at counter # 9 or 11 in Administrative Block.
- Failure to pay within the specified time will result in admission cancellation.
