# THE UNIVERSITY CREST

This is the Crest and the Motto of this University. Let this be always before your eyes to remind you the aims and objectives of your education and the level of excellence you are expected to achieve in this University.

If you have a closer look at it, on the right half of the shield like crest, you see three soaring eagles reminding you that you should never be satisfied with mediocrity, but aim at excellence in intellectual, physical and spiritual dimensions of your personality. Besides, you also see a jumping lion symbolizing the vigour and courage you must cultivate.

On the left half of the crest, you observe the sun shining over the West Coast. Every student passing through the portals of this institution must be like the sun illuminating and contributing to the growth and prosperity of the people of this land..

## St Aloysius Gonzaga

This University is named after St Aloysius Gonzaga. He was a 16<sup>th</sup> Century Prince, heir to the throne of the Marquisate of Gonzaga in Italy, who had, everything he could have desired in life at his disposal. But inspired by a deep spirit of faith and moved by a profound love of mankind, at the age of 18, he renounced his rights and entered the Jesuit Order to be a religious whose wealth would be God alone and whose happiness would be the service of others.

While Aloysius was still into training, there was a plague in Rome. Victims of the plague had no hope of recovery and were abandoned for fear of contagion. The youthful Aloysius, who was then 24, rose to the occasion with his companions and immediately set about caring for the sick and the dying, risking his own life. The risk, however, was too great. Aloysius fell a victim to the disease and died in the midst of his noble work, offering his life as a sacrifice for others.

It is the example of his life, pure and noble, not seeking the glories of this world but genuinely concerned about the well-being of others, that is offered to you as a model here.

## The University Motto

When you look at the University Crest, you will notice the letters, IHS in the centre of the rising sun. This is the abbreviation of the name of Jesus (which in Greek is written as *IHSUS*). That name symbolizes deepest faith in God, commitment to humanity and the readiness to sacrifice one's life for others.

The Motto of this University is *Lucet et Ardet*. These Latin words which mean **Shine to Enkindle**, refer to the qualities of the mind and the heart. It is the deep desire of this *Alma Mater* to present to the world and our nation, men and women with knowledge and creativity and hearts burning with genuine love and concern for others.

May your life measure up to the expectation of this Motto.

In addition to academic rigor, the college is famous for its vibrant sports, extracurricular, and co-curricular activities, which contribute to the holistic development of its students.

### **UNIVERSITY VISION**

**Empowering youth through excellence in education to shape a better future for humankind.**

### **UNIVERSITY MISSION**

St Aloysius Institutions of the Mangalore Jesuit Educational Society (MJES), inspired by the person and mission of Jesus Christ and guided by the motto "*Lucet et Ardet*" commit themselves to spread the light of knowledge and wisdom, to kindle the ardour of faith that does justice by forming men and women for and with others, who are academically accomplished, emotionally balanced, morally upright, socially responsible, ecologically sensitive and professionally dedicated so that they become a powerful force in the transformation of society.

## **Aims and objectives of the University**

In keeping with the tradition of the Society of Jesus which runs this institution and the needs of the time, the University aims at the integral formation of its students helping them to become *men and women for and with others*:

- ◆ through striving for excellence in learning, creative and practical thinking and co-operative leadership, with a stress on both academic and human excellence,
- ◆ inspired by genuine religious and moral values, and
- ◆ with practical awareness of the prevailing social conditions and demonstrate a commitment to the cause of justice.

Thus an Aloysian

- ◆ lives a commitment to justice;
- ◆ acts with a strong self esteem;
- ◆ thinks critically and creatively;
- ◆ communicates effectively;
- ◆ excercises power appropriately;
- ◆ cultivates a positive sense of direction;
- ◆ evokes hope.

Your education in this institution will be meaningful only to the extent you personalise and strive after these values and goals. All that the University can do is to facilitate realization of your hidden potential, be a partner with you in the task of integral personality-building, where your faculties and qualities will find harmonious development. This entails development in a three-fold dimension: intellectual, physical and spiritual.

### **Intellectual Development**

The development of your mind, the acquisition of information in different subjects of your study, digesting this information and putting it into a practical framework will be a major part of your education here. Let your aim of study be not just to successfully

reproduce in an examination what you have learnt, but to cultivate the art of thinking independently, analytically and critically and expressing yourself clearly.

Do not limit yourself to classroom material. You are advised to delve deep into your subject by regular study and wide reading. The HRD Programmes and Certificate Courses will help you to realize this. You are expected to broaden your intellectual horizons by acquiring a working knowledge of all subjects even though they do not form a part of your syllabus. Thus Commerce and Arts students would do well to acquire a general knowledge of scientific theories and technological innovations while science students would have a working knowledge of the economic, political and social dimensions of everyday life.

Learning requires regular work. Have a time-table for your home study. The University has three excellent libraries with over one lakh books and a reading room. Make good use of the library, particularly during your free hours. The librarian and lecturers will help you to select the right books. You have a spacious newspapers and periodical section for updating your knowledge on current affairs.

### **Physical Development**

“A sound mind in a sound body” goes the universal adage. Towards the integral development of your personality, it is essential that you give importance to the development of your physical agility through sports and games and acquire skills to tone your body and enhance endurance. The University has extensive play grounds and you can strive to be a part of the college sports and games teams which would be a unique privilege.

NCC with its Army, Navy and Air wings, and the NSS with its regular service activities help you to develop your physical endurance, team spirit, fair play, punctuality and sound habits of health and hygiene.

## **Spiritual Development**

Being an institution administered by a religious order, the University gives highest importance to spiritual formation and character building. A person is what his spiritual and moral values are, and you will carry this aspect of your education with you all your life.

Your character is the sum of your values which express themselves through your attitudes, dealings, relationship with others, and the way you face problems or challenges in life. The time in University is the period when you have to build your value system: honesty, justice, co-operation, fellowship and concern for others, belief in and a filial devotion to God and universal love that embraces all people cutting across barriers of religion, caste or nationality.

To acquire this, you have regular programmes in Value Education. Moreover, you will pick values from your companions and elders while you will influence the value system of others.

Essential to any spiritual and value formation is self-discipline, a systematic effort to channelise your impulses, emotions and feelings to their proper ends, and make them a power to achieve some good. Lack of discipline results in confusion and chaos, both internal and external, personal and social, where no true education is possible. Thus, the rules of discipline of the University will help you cultivate self-discipline.

The habit of regular prayer and meditation is earnestly recommended to all. The University has a beautiful Chapel and everyone is welcome to sit in meditation or spend a few moments of quiet prayer and reflection. Catholics, particularly those staying in the hostels, are earnestly invited to participate in the daily morning services in the Chapel.

## **Co-curricular and Extra-curricular Activities**

A good part of our education, the broadening of horizons, inculcation of values, learning to relate to and to deal with others, exercise of participative leadership etc., takes place through co-curricular and extra-curricular activities. The University provides ample opportunities in the form of more than forty Associations and Clubs with the dedicated staff for training and guiding you.

## **Social Concern**

The need of our times is not only persons with a vision but also persons with a mission- a genuine social consciousness and a heart for others. In a society, where people are victimised by personal and institutionalised injustice, in a society that is constantly threatened by trends of communalism, it is vitally important that we are aware of the forces of injustice and exploitation and respond to them adequately.

For this, we need people with genuine social consciousness who find meaning by being at the real service of others even at the cost of themselves- men and women for and with others.

If our students cultivate such a heart and move out of this institution imbued with a sense of social concern, ready to stake their lives for the poor and oppressed persons, the University will have succeeded in its mission and genuinely be proud of its endeavour.

Towards this integral development of the body, the mind and the heart, we have certain systems in place: Class Guides, Mentoring, and Counselling Services.

## **Eco-friendly Campus**

University has been making a conscious effort to maintain its campus **green, clean** and **eco-friendly**. Several steps have been initiated in this regard.

- 1. Vermi-Bin:** All the bio-degradable waste, and dry leaves collected in the campus are converted into organic compost.

2. **Rain Water Harvesting:** The campus buildings are designed to store and re-use the rain water in the undergrounds tanks.
3. **Solar Energy:** The use of solar energy has been promoted extensively in the campus to provide lighting and water heating facility.
4. **Green Audit:** A committee has been formed to motivate the students and to develop sensitivity towards nature and ecological balance.

### **Staff – Student Rapport**

Our lives are shaped by the people with whom we constantly interact, and here, it will be your teachers. You have an excellent staff in this University; make good use of their experience and knowledge through constant personal contact both inside and outside the classroom. Today, more than ever, closer ties between staff and students, is the only way to counter many problems arising from the impersonal atmosphere prevailing in our campuses of higher education. Cultivate openness to seek guidance from your teachers.

This staff-student rapport will be all the more effective if parents co-operate and keep in touch with the University and staff. The University brings together parents and teachers during specific programmes which would assist parents to get an insight into the problems of growing youngsters like you.

Many of our staff members have undergone training to help you not only with your academics but also with your personal and emotional concerns. You may always approach them for guidance, not only to help you solve your problems but also to help you become more effective in the way you function. Batches of degree students will be assigned a Class Guide who will meet his/her wards regularly and also conduct well-planned programmes to enhance their self-confidence, improve healthy inter-personal relationships and effective utilization of their talents and abilities.

# University Anthem

Comrades, raise a joyful chorus  
Loud and glad your hearts outpour  
While the love of Alma Mater  
Bids our grateful song up-soars  
While we pledge to stand united  
True to her for evermore

Her's the glorious gifts we've treasured  
Love of faith and learning store.  
Sword and shield to strike and shelter  
Till life's double fight is o'er.  
Till from out the deadly combat  
We come victors evermore.

Mother like for all her children  
Help of Heaven she doth explore  
Whether rest they 'neath her mantle  
Or fare distant from her door.  
Like a kindly spirit watching  
Over them evermore.

High up on the hill of idgah,  
Stands the home our hearts adore,  
Proud above the pride of palm trees,  
And the far sea's softened roar,  
Hill and deep and palm abiding,  
Our examples ever more.

Louder, louder swell the chorus  
For the happy days of yore,  
For the hopeful toiling present  
And the years that lie before,  
For the name and fame and honour  
Of our mother evermore.

By the God whose greater glory,  
Governs still thy life and lore,  
By the love thou give'st thy children  
And the light that thou dost pour,  
Prosper thou, dear Alma Mater,  
Aye for ever, evermore.
