OUR HISTORY

Welcome to St Aloysius College

St Aloysius College, (Autonomous)! got Autonomy in June 2007. The autonomous status was further renewed in the year 2012. The Autonomous set up has the freedom to determine and prescribe course of study and syllabi. It has its own rules of admission in conformity with State Government policy. Moreover it has evolved its own methods of assessment of student work, conduct of examinations and notification of results. There will be sufficient freedom to use innovative tools in teaching - learning process and experiment with methodologies in learning. The degree shall be awarded by the Mangalore University.

The college traces its origins to 1880 when European Jesuits who had landed in Mangalore three years earlier set up a college for the education of the local Mangalorean Catholic Youth. In the course of a hundred and thirty six years, St Aloysius College has travelled very far. In 1880, functioning in a single building it was only an upper secondary school but today, the world of St Aloysius College includes in its grand sweep a plurality of buildings

The College has undergone the third cycle of NAAC Accreditation and has been accredited with 'A' grade with the Cumulative Grade Point Average(CGPA) of 3.62, which is one of the highest in the state. It is also re-recognised as the College with Potential for Excellence by UGC till 2019, and conferred with star status by DBT, Government of Karnataka and Community College by UGC. The college is ranked 44 in the country by National Institute Ranking Framework(NIRF). It is also ranked 22 for the Science stream by The Week Magazine.

This Prospectus is designed to help you and guide you to plan your education in this College. In this handbook, you will find:

- *Necessary information about the College and Courses available.*
- *The choice available for you in the course selected.*
- *The rules and regulations regarding admission during the academic year 2017-2018.*
- *Other facilities available in the campus.*

For additional information and clarifications, you are welcome to approach the College PG office during working hours. It must be remembered that merely purchasing this copy of the College Prospectus does not mean that you have the right of admission to the College.

VISION & MISSION

This premier institution, more than 135 years in existence, has been at the service of the youth of Mangaluru and its environs, as an educational institution run by the Mangalore Jesuit Educational Society, for the education, formation and professional preparation of young people of all castes, creeds and communities without any discrimination. However, as a minority institution it gives priority to the empowerment of the Christian community. And as an institution run by the Jesuits it places a special accent on preferential option for the poor.

With over 12,000 students, boys and girls, from Primary to Post Graduate and Research Studies Programmes, the Campus is known for its salubrious atmosphere, community culture, excellence in teaching, high degree of discipline, deep mutual respect, abiding spirit of tolerance, strong appreciation for all cultures, deep reverence for all religions, intense attachment to ethical values, state of the art facilities, multiplicity of avenues for all round growth of the individual and efficient as well as enlightened administration, drawing appreciative accolades from the University as well as Governmental bodies.

Our Patron St Aloysius is an inspiration and exemplar for all who come to this campus. Born in a noble family and brought up in relative comfort, this medieval young Italian soon grew tired of living in the lap of luxury, and offered himself to the service of the poor and the destitute by joining the Jesuit Order. He died at the age of 23, a victim of charity and service of the poor, having contracted plague while ministering to the plague stricken in Rome. His integrity of life, his inner strength, his noble ideals, his self discipline, his immense compassion and his tremendous concern for the poor are held up for emulation by our students.

Drawing our inspiration from St Aloysius Gonzaga, and in accord with the teaching of the Founder of the Jesuit Order, St Ignatius Loyola, we on this Campus aim at an integral formation of youth, striving to form individuals who are academically competent, morally strong, artistically accomplished, physically fit, socially concerned and personally balanced. Those who pass out of this institution are to be men and women for others, living nobly, acting justly, believing deeply, relating humanely and walking rightly in the presence of the Divine, and thus becoming critically reflective, intellectually creative, ethically exemplary and socially responsible and response-able persons empowered with great capacity to contribute to the building up of a more humane and just world where all have access to life in its abundance.

AUTONOMOUS SYSTEM

1. The academic programmes are structured on semester basis. Choice Based Paper is introduced in the 2nd and 3rd Semester in all the courses.
2. The relative importance of subjects of study and activities are quantified in terms of credits and also their overall relative importance.
3. The curricula and question papers are unitized.
4. The declaration of result is based on the aggregate percentage of marks obtained as well as on Grade Point Average earned.

Academic Calendar:

- The odd semesters will commence in July.
- The even semesters will commence within 10 days after the completion of the end semester examinations.
- A semester will be of 18 weeks duration.

Assessment/Evaluation:

The assessment will be based on knowledge, intelligence, application, understanding the concept of the subject and creativity. The continuous internal assessment will have a weightage of 30% and the end semester examinations will have a weightage of 70%. An aggregate of 35% in internal and end semester exam in each subject is required to pass.

Attendance:

A total of 3 marks are allotted for full attendance. A student is eligible to write the semester examination only when the student has 75% attendance in each subject and in aggregate of all the subjects.

Students who do not have a minimum of 75% attendance will not be allowed to write the examinations. **They have to repeat the semester.**

STUDENTS SEEKING ADMISSION ARE REQUIRED TO SUBMIT THE FOLLOWING CERTIFICATES TO COMPLETE THE ADMISSION PROCESS

Students who have passed Degree exam within Karnataka and within Mangalore University.	Transfer Certificate (Original) Degree marks card - 2 attested copies & attested copy of PU & SSLC mark card.
Students who have done Degree course outside Karnataka and outside Mangalore University	Eligibility Certificate from Mangalore University, Migration Certificate issued by the Mangalore University under which candidate has studied / passed, Qualifying Marks Card (original & xerox), Transfer Certificate (original) & attested copy of SSLC and PU marks card.
Foreign students	Eligibility Certificate, Migration Certificate, Qualifying marks card (original & xerox), TStudent Visa, Aids free Certificate by competent authority, Residential permit & Registration certificate from Commissioner of Police Mangalore & Foreigners Regn. Office.

P.S. : Application for applying Eligibility Certificate is available in our Book Store.

GENERAL REGULATIONS

Students shall observe the General Regulations and other rules of discipline printed in the College Hand Book and those framed from time to time. In particular:

- *Students must be neatly dressed in accordance with the rule of approved etiquette. The decision of the Principal in this regard is to be accepted.*
- *Every student should possess an Identity- Card which should be produced whenever asked for, by any staff member of the College.*
- *Punctuality and regular attendance is insisted upon. Leave of absence from College should be applied for and obtained beforehand. Unforeseen absence must be justified on return to the College. Absence from the College Examinations and at the reopening of classes after the holidays will not be tolerated. The students will not be admitted until their parents meet the Principal personally and explain the absence.*
- *Students should not join any Club or Society or make any engagement, that may interfere with their regular studies in the College. They are not allowed to play in any team against the College.*
- *Students should not take part in any political agitation directed against the lawful authority of the Government. They are also forbidden to engage prominently in any public movement without permission from the Principal.*

Every PG student must spend ONE week of compulsory Village Exposure Programme organised by the College

- *The College, though not responsible for the conduct of its students outside its premises, will take cognizance of any serious misconduct of its students committed outside its premises.*
- *Students are required to live with parents, relatives, guardians or in hostels approved by the College Authorities. Early in the first term every student shall fill in a slip giving particulars of his place of residence in Mangalore.*
- *Attendance at classes and examinations, progress as well as conduct of the student will be taken into consideration while recommending students for merit certificates, concessions, scholarships, freships, higher studies and employment.*
- *Those who indulge in ragging or encourage it will be dismissed from the College.*
- *Use of mobiles is strictly prohibited inside the College buildings.*
- *No candidate will be permitted to appear for the end semester examination unless he/she fulfils the requirements of good conduct and progress in studies. A minimum of 75 % attendance is a must in each subject.*
- **Eligibility Criteria for all PG programmes is strictly as per Mangalore University regulations. (www.mangaloreuniversity.ac.in)**

M.Sc. BIOTECHNOLOGY

Objectives of the Course:

- To provide state-of-the art knowledge and skills in the field of Biotechnology.
- To generate manpower trained in Biotechnology suited to meet the needs of the industry and academia.
- To train students to pursue committed research in the field of Biotechnology.
- To have a positive impact on human and animal health, agriculture and environment in the region.

Course Content:

FIRST SEMESTER	SECOND SEMESTER
<p>Theory</p> <ul style="list-style-type: none"> • Biochemistry and Metabolism • Microbiology • Cell Biology • Molecular Genetics • Human Genetics <p>Practical</p> <ul style="list-style-type: none"> • Biochemistry & Biophysics and Microbiology • Cell Biology & Molecular Genetics 	<p>Theory</p> <ul style="list-style-type: none"> • Open Elective: Good Manufacturing Practices in Product Development • Molecular Biology • Genetic Engineering • Enzymology • Biochemical and Biophysical Techniques • Bioinformatics and Proteomics <p>Practical</p> <ul style="list-style-type: none"> • Molecular Biology & Genetic Engineering • Enzymology & Biochemical and Biophysical Techniques
THIRD SEMESTER	FOURTH SEMESTER
<p>Theory</p> <ul style="list-style-type: none"> • Open Elective: IPR and Clinical Research • Industrial Biotechnology • Animal Biotechnology • Plant Biotechnology • Environmental Biotechnology <p>Practical</p> <ul style="list-style-type: none"> • Environmental Biotechnology/Plant Breeding and Seed Technology • Animal & Plant Biotechnology 	<p>Theory</p> <ul style="list-style-type: none"> • Regulatory Affairs and Entrepreneurship • Environmental Biotechnology • Food Biotechnology • Immunology <p>Practical</p> <ul style="list-style-type: none"> • Food Biotechnology and Immunology • Dissertation and project presentation & Viva • IPR and Regulatory Affairs • Stem Cell Technology & Regenerative Medicine

Highlights of the Course:

- Recognized as Centre for research in Biotechnology by Mangalore University.
- One among 12 institutions selected for the Govt. Of Karnataka's (VGST) sponsored Biotechnology Finishing School(BTFS).
- Three research laboratories for PhD scholars.
- Plant tissue culture and animal cell culture rooms.
- CPCSEA registered Animal house, Green house.

Eligibility Criteria:

Candidates who have passed the three year B.Sc. degree examination of Mangalore University or any other University considered as equivalent thereto with life Science subjects provided they have studied Chemistry/Biochemistry as one of the major/optional/subsidiary subject and have secured a minimum of 45% marks (40% in case of SC/ST/Category-I Candidates)in aggregate Excluding Languages and Group III Subjects are eligible for the programme.

For more information contact :

**The Principal or
Dr. Asha Abraham, HOD.**
Mob: 94495 55802
Office: 0824 2449700/ Extn.
No. 222/223

M.Sc. BIOCHEMISTRY

Objectives of the Course:

- To provide state of art knowledge and skills in the field of Biochemistry.
- To generate manpower trained in Biochemistry suited to meet the needs of the research institutions / industry / academia.
- To have a positive impact on human and animal health, agriculture and environment in the region.
- To have 100% placement for all the students who take up this course.

Course Content:

FIRST SEMESTER

Theory

- Biomolecules
- Biochemical Techniques
- Organic & physical Biochemistry
- Physiology & Nutrition
- General Microbiology

Practical

- Bioquantitation
- Analytical techniques
- Experimental Microbiology

THIRD SEMESTER

Theory

- **Open Elective** : Research Methodology & Bioinformatics
- Molecular Biology
- Nitrogen Metabolism & Plant Biochemistry
- Molecular Genetics
- Evolution and Ecology

Practical

- Cell & Molecular Biology
- Metabolism and Clinical Biochemistry

SECOND SEMESTER

Theory

- **Open Elective:** Biochemistry of Diseases and Drugs
- Enzymology
- Metabolism
- Clinical Toxicology
- Biotechnology
- Clinical Biochemistry

Practical

- Biokinetics
- Practical Biotechnology
- Experiments in Toxicology

Fourth Semester

Theory

- Immunology
- Cellular Biochemistry
- Genetic Engineering
- Biostatistics & Bioinformatics
- Food Biochemistry

Practical

- Biocalculations & Informatics
- Experiments in Food Science

Highlights of the Course:

- First initiative in whole of Dakshina Kannada.
- Creating a positive impact on human and animal health, agriculture and environment in the region.
- Three state of art laboratories including animal and plant cell culture room.
- Animal house and Green house.

Eligibility Criteria :

Candidates who have passed the three year B.Sc. degree Examination of Mangalore University or any other University considered as equivalent thereto with Biochemistry/Chemistry as optional/major/Special subjects with minimum of 45% (40% for SC/ST/ Category-I candidates) marks are eligible for the programme provided they have studied Biology as major/ optional/minor/special/subsidiary subject either at B.Sc. or at PUC/ Higher Secondary level.

For more information contact :

**The Principal or
Head of Department**

Office : 0824-2449700/Extn. No. 604/605

M.Sc. ANALYTICAL CHEMISTRY

Objectives of the Course:

- To impart sound knowledge in the subject.
- To enthuse students towards research in chemistry.
- To provide motivated and skilled manpower to industry.
- To give opportunities to students for their all round development.

Course Content:

FIRST SEMESTER

- Inorganic Chemistry
- Organic Chemistry
- Physical Chemistry
- Principles of Analytical Chemistry & Separation Techniques
- Bioorganic Chemistry
- Computer for Chemists-Practicals
- Inorganic Chemistry Practicals - 1
- Organic Chemistry Practicals - 1
- Physical Chemistry Practicals - 1

SECOND SEMESTER

- **Open Elective:** Coordination and Bioinorganic Chemistry
- Advanced Inorganic Chemistry
- Advanced Organic Chemistry
- Advanced Physical Chemistry
- Molecular Symmetry & Spectroscopy
- Chemistry of Biomolecules
- Inorganic Chemistry Practicals - II
- Organic Chemistry Practicals - II
- Physical Chemistry Practicals - II

THIRD SEMESTER

- **Open Elective:** Polymer Chemistry
- Molecular Spectroscopy
- Organometallic, Bioinorganic & Co-ordination Chemistry
- Electroanalytical Radiochemical & Thermoanalytical Techniques
- Medicinal Chemistry
- Analytical Chemistry Practicals - I
- Analytical Chemistry Practicals - II

FOURTH SEMESTER

- Organic Synthetic Methods
- Spectroscopic Methods of Analysis
- Chemistry of Polymers & Natural Products
- Analytical Chemistry Practicals -III
- Project Work
- Applied Analysis and Automation
- Radiation and Photochemistry
- Seminar

Highlights of the Course:

- Recognized as research centre by Tumkur University.
- Placement in reputed companies like Aputex, Biocon, Astrazeneca, Syngene, BASF, Cipla.
- Well equipped laboratories.
- Study tour to industry and research centers.

Eligibility Criteria:

Candidates who have passed the three year B.Sc degree examination of Mangalore University or any University considered as equivalent thereto with Chemistry as optional I/major/Special subjects with a minimum of 45% (40% for SC/ST/ Category-I candidates) marks in the subjects are eligible for the programme provided they have studied Physics and Mathematics as optional/major/special/minor/subsidiary subjects either at B.Sc. or at PUC/ Higher Secondary level.

For more information contact :

Office : 2449700/Extn. No. 616/617

M.Sc. CHEMISTRY

Course Content:

Objectives of the Course:

- To impart sound knowledge in the subject.
- To enable students to pass NET.
- To enthuse students towards research in chemistry.
- To provide motivated and skilled manpower to industry.
- To give opportunities to students for their all round development.

FIRST SEMESTER	SECOND SEMESTER
<ul style="list-style-type: none"> • Inorganic Chemistry • Organic Chemistry • Physical Chemistry • Principles of Analytical Chemistry & Separation Techniques • Bioorganic Chemistry • Computers For Chemists • Inorganic Chemistry Practicals - 1 • Organic Chemistry Practicals - 1 • Physical Chemistry Practicals - 1 	<ul style="list-style-type: none"> • Open Elective: Optical Methods of Analysis • Advanced Inorganic Chemistry • Advanced Organic Chemistry • Advanced Physical Chemistry • Molecular Symmetry & Spectroscopy • Chemistry of Biomolecules • Inorganic Chemistry Practicals-II • Organic Chemistry Practicals - II • Physical Chemistry Practicals - II
THIRD SEMESTER	FOURTH SEMESTER
<ul style="list-style-type: none"> • Open Elective: Principles and Applications of Chemistry • Molecular Spectroscopy • Organometallic, BioInorganic & Co-ordination Chemistry • Electrochemistry, Electro and Thermo - Analytical Methods • Medicinal Chemistry • Inorganic Chemistry Practicals - III • Organic Chemistry Practicals - III • Physical Chemistry Practicals - III 	<ul style="list-style-type: none"> • Radiation and Photochemistry • Organic Synthetic Methods • Chemistry of Polymers & Natural Products • Solid State and Nanochemistry • Inorganic & Organic Chemistry Practicals -IV • Optical Methods of Analysis • Project Work • Seminar

Highlights of the Course:

- Recognized as research centre by Tumkur University.
- Provide motivated and skilled manpower to industry.
- Well equipped laboratories.
- Study tour to industry and research centres.
- NET/SLET Coaching
- High rate of placements in reputed industries

Eligibility Criteria:

Candidates who have passed the three year B.Sc degree examination of Mangalore University or any University considered as equivalent thereto with Chemistry as optional /major/Special subjects with a minimum of 45% (40% for SC/ST/ Category-I candidates) marks in the subjects are eligible for the programme provided they have studied Physics and Mathematics as optional/major/special/minor/subsidiary subjects either at B.Sc. or at PUC/ Higher Secondary level.

Dr Richard Gonsalves, Coordinator,**
Mobile: 98450 23518,
Office : 2449700/Extn. No. 616/617

M.Sc. MATHEMATICS

Objectives of the Course :

- Impart training in Mathematics and to apply it to computers and IT.
- Research exposure in the field of Pure and Applied Mathematics.
- To impart sound knowledge in the subject.
- To provide wide range of electives to enhance the comprehension of the subject.

Course Content:

FIRST SEMESTER	SECOND SEMESTER	ELECTIVES:
<ul style="list-style-type: none"> • Algebra I • Linear Algebra I • Real Analysis I • Graph Theory • Fluid Mechanics • Operations Research 	<p><i>Open Elective: Basic Tools in Mathematics</i></p> <ul style="list-style-type: none"> • Algebra II • Linear Algebra II • Real Analysis II • Numerical Analysis with Computational Lab • Lattice Theory 	<ul style="list-style-type: none"> • Commutative Algebra • Lattice Theory • Analytic Number Theory • Partial Differential Equations • Algebraic Number Theory • Parallel Interconnection Networks • Cryptography • Formal Language • Fluid mechanics • Mathematical Modeling • Combinatorial Methods • Operations Research
<p>THIRD SEMESTER</p> <ul style="list-style-type: none"> • <i>Open Elective: Differential Equations and Applications</i> • Complex Analysis I • Topology • Ordinary Differential Equations • Commutative Algebra • Multivariate Calculus Geometry • Probability Theory 	<p>FOURTH SEMESTER</p> <ul style="list-style-type: none"> • Measure Theory & Integration • Complex Analysis • Project work • Functional Analysis • Partial Differential Equations • Algebraic Number Theory • Cryptography • Distribution Theory 	

Highlights of the Course :

- Guest lectures will be arranged from eminent mathematicians and personnel from renowned institutions.
- Regular seminars for the students in the subject area.
- Training for the competitive examination like UGC-NET and GATE.
- Study tours to various mathematical institutions.

Eligibility Criteria:

Candidates who have passed the three year B.Sc. degree examination of Mangalore University or any University considered as equivalent thereto with Mathematics as major/ optional/Special subjects are eligible for the programme provided they have secured a minimum of 45% (40% for SC/ST/ Category-I candidates) marks in Mathematics.

M.Sc. PHYSICS

Objectives of the Course:

- To impart sound knowledge of the subject to the students.
- To give opportunities to students for their all round development.
- To motivate students towards research in Physics.
- To make students develop skills in teaching Physics as a subject.

Course Content:

FIRST SEMESTER

Theory Papers:

- Mathematical Physics - 1
- Classical Mechanics
- Classical Electrodynamics
- Electronics

Practicals:

- Practical - I • Practical - II

THIRD SEMESTER

Theory Papers:

- **Open Elective** : Experimental Techniques
- Quantum Mechanics II
- Condensed Matter Physics – II
- Relativity and Cosmology
- Optics
- General Physics Experiments-III
- Computational Physics Practical- I

SECOND SEMESTER

Theory Papers:

- **Open Elective** : Bio Physics
- Mathematical Physics II
- Quantum Mechanics I
- Statistical Mechancis
- Condensed Matter Physics – I

- Practical - II • Practical - II

FOURTH SEMESTER

Theory Papers:

- Atomic and Molecular Physics
- Nuclear and Particle Physics
- Project
- Communication Theory
- Lasers, Vacuum techniques and Nonlinear Optics
- Condensed Matter Physics – III
- Nuclear Structure
- General Physics Experiments IV

Highlights of the Course:

- Comprehensive syllabus which includes core and modern topics.
- Problem oriented teaching to enhance fundamentals and applications.
- Computational physics laboratory.
- Encourage Summer research and Internship.
- Has an observatory AL SOLARIUM with an advanced 8 inch rotating telescope to observe and study the universe around us.

For more information contact :

**The Principal or
Dr Chandrashekar Shetty HOD**
Ph : 94482 49153
Office: 0824-2449700/Ext No: 614

Eligibility Criteria:

Candidates who have passed the three year B.Sc. degree examination of Mangalore University or any University considered as equivalent thereto with Physics as major/ optional/Special subjects are eligible for the programme provided they have studied eligible for the programme Mathematics as optional/major/special/minor/subsidiary subject for at least two years and secured minimum of 45% (40% for SC/ST/Category-I candidates) marks in Physics and Mathematics.

M.Sc. FOOD SCIENCE & TECHNOLOGY

Objectives of the Course :

- To generate human resource with a competitive edge in the field of food science and technology.
- To evolve new need-based strategies and knowledge base or think-tanks for food processing technologies from source to target.
- To foster research in frontline areas of food science and technology, particularly post-harvest food processing and preservation, reducing wastage, evolving better packing and transportation strategies etc.

Course Content:

FIRST SEMESTER	SECOND SEMESTER
<p>Theory</p> <ul style="list-style-type: none"> • Food Chemistry • Food Microbiology • Principles of Food Processing & Preservation • Nutritional Biochemistry • Technology of Milk & Milk Products <p>Practical I</p> <ul style="list-style-type: none"> • Food Chemistry and Food Microbiology <p>Practical II</p> <ul style="list-style-type: none"> • Principles of Food Processing & Preservation & Technology of Fruits and Vegetables Products 	<p>Theory</p> <p>Open Elective: Principles of Food Preservation & Processing</p> <ul style="list-style-type: none"> • Food Process Engineering & Instrumentation • Technology of Fruits & Vegetable Products • Technology of Cereals & Legumes • Research Methodology • Food Product Development <p>Practical III</p> <ul style="list-style-type: none"> • Food Process Engineering & Instrumentation <p>Practical IV</p> <ul style="list-style-type: none"> • Technology of Cereals & Legumes
THIRD SEMESTER	FOURTH SEMESTER
<p>Theory</p> <ul style="list-style-type: none"> • Open Elective: Nutrition and Health • Nutraceuticals & Functional Foods • Fermentation Technology • Industrial Biotechnology • Food Plant Management & Entrepreneurship • Waste Management • Technology of Meat, Poultry and Fish Products <p>Practical V</p> <ul style="list-style-type: none"> • Technology of Meat, Poultry and Fish Products <p>Practical VI</p> <ul style="list-style-type: none"> • Nutraceuticals & Functional Foods and Fermentation Technology 	<p>Theory</p> <ul style="list-style-type: none"> • Post Harvest Technology of Plantation Crops • Food Safety and Quality Control • Food Packaging • Food Hygiene and Sanitation <p>Practical VII</p> <ul style="list-style-type: none"> • Post Harvest Technology of Plantation Crops <p>Project/Dissertation: All students are expected to carry out an industrial based project work and expected to present their finding through a vica-voce exam.</p>

Highlights of the Course:

- State of art laboratories.
- Industrial visits and study tours.
- Curriculum is designed in such a way that student get training in all aspects of food processing.
- Hands-on practical training, research and skill training of students.

Eligibility criteria :

Candidates shall have studied any branch of Life Sciences with Chemistry/Biochemistry as one of the major/optional/subsidiary subjects securing 45% marks (40% in case of SC/ST candidates) in the aggregate excluding languages at the undergraduate level.

For more information contact :

The Principal or

Dr Raghvendra Mob:9945888845

Office: 0824-2449700/ Ext. No. 601/602

MA ENGLISH

Objectives of the Course :

To impart comprehensive knowledge of the various aspects of English Literature and Effective skills of Proficiency in English through a competent and cutting-edge curriculum and to prepare the students for various professions.

Course Content:

FIRST SEMESTER	SECOND SEMESTER
<ul style="list-style-type: none"> • Chaucer to Cromwell • The Restoration to the Neoclassic • Literary Criticism • Linguistics • Children's Literature • Ecocriticism 	<p>Open Elective : Literature and Cinema</p> <ul style="list-style-type: none"> • The Romantics & the Victorians • Literary Theories • Research Methodology • Indian Writing in English • Popular Culture • Language Competency & Communication Development
THIRD SEMESTER	FOURTH SEMESTER
<ul style="list-style-type: none"> • Open Elective : Indian Diasporic Fiction • Twentieth Century British Literature • English Language Teaching • Cultural Studies • American Literature • Indian Literary Criticism • Reading & Interpretation of Literature 	<ul style="list-style-type: none"> • Twentieth Century World Literatures • Postcolonial Studies • Project • Gender Studies • Literature from the Margins • Indian Literature in Translation • European Fiction & Drama

Eligibility Criteria :

Candidates who have passed the three year B.A. degree examination of Mangalore University or any other University considered as equivalent thereto with English as major/optional subject (the cognate subject) are eligible to apply for the programme provided they have secured a minimum of 45% (40% for SC/ST/Category-I candidates) marks in the cognate subject.

Candidates who have studied English as either the first or second language at the graduate degree level for not less than two years/four semesters and candidates who have studied Additional English of Mangalore University for not less than two years/four semesters are also eligible to apply provided such applications have scored not less than 60% marks in aggregate in the examination of the subject. The marks scored in the English First or Second Language examinations or Additional English examinations would be equated with the marks of optional English (the cognate subject) as follows:

L 60% in English as First or Second Language to **45%** of optional English (the cognate subject).

20 60% in Additional English is equal to **48%** of optional English (the cognate subject).

Highlights of the Course :

- Impart quality input in English Literature.
- Make students competent in the linguistic performance.
- Language laboratory for voice training.
- Hands on training for teaching.

MA ECONOMICS

Objectives of the Course:

- To prepare students for a wide range of professional careers in Banking and Financial Services, NGOs and Development Institutions, Government Services, Research and Consulting Firms, Foreign Trade Sector, etc.
- To equip students with knowledge of principles, theories and concepts of economics and business, which will help them to become responsible leaders in their chosen fields.
- To establish the foundation for Ph. D studies for students who plan to continue their education and research.
- To lay the foundation in the field of teaching for students who plan to enter the profession of teaching.

Course Content:

FIRST SEMESTER	SECOND SEMESTER
<ul style="list-style-type: none"> • Micro Economic Analysis • Development Economics • Statistical Techniques for Economic Analysis • Environmental Economics • Principles of Banking • Economics of Demography • Industrial Economics 	<p>Open Elective: Banking & Finance</p> <ul style="list-style-type: none"> • Macro Economic Analysis • International Economics • Mathematical Techniques for Economic Analysis • Health Economics • Financial Institutions and Markets • Agricultural Economics • Economics of Human Resource Development
THIRD SEMESTER	FOURTH SEMESTER
<ul style="list-style-type: none"> • Open Elective: Contemporary Indian Economy • Monetary Economics • Econometrics • Research Methodology • Development Banking • Labour Economics • Energy Economics 	<ul style="list-style-type: none"> • Indian Economy • Public Economics • Economics of Insurance • Operations Research for Economic Analysis • International Finance • Project

Eligibility criteria :

Candidates must have studied Economics as one of the major subjects in the undergraduate level with not less than 45 % (40% in case of SC/ST students) marks in Economics are eligible to apply.
